CARNOISSEUR ▶ DIRECT

LINES OPEN FROM

9.00AM to 6.00PM

9.00AM to 5.30PM ON SATURDAYS

PRICES

All prices include VAT at 17.5%.

OPENING HOURS

Lines are open 9.00am to 6.00pm Monday to Friday and 9.00am to 5.30pm Saturday.

SERVICE

Your call will be handled personally by one of our trained personnel during the above times.

You will be quoted a delivery day and sales assistant's name. Please note these details for future reference.

DELIVERY

Goods held in stock will normally be dispatched within 24 hours. Non stock items will generally be dispatched within 7 days.

Please note that all goods must be inspected before the delivery driver leaves. Any damage to either the packaging or goods must be recorded on the delivery note under the receiver's signature.

DELIVERY CHARGES

Orders under £20	£2.99
Orders £20-£100	£8.95
Set of 4 Wheels or Tyres	£15.75
Wheel and Tyre Package	£31.49
Bodykits	POA

Days are working days and do not include Saturday and Sunday.

All carriage charges and delivery times are UK mainland only.

For Offshore Islands and Export enquiries please call for details on **0845 130 1077** or email sales@carnoisseurdirect.com.

Please see page 242 for details on how to order.

REPUBLIC OF IRELAND

Please call **074 91 40171** for Mail Order in Republic of Ireland.

→ WHEELS

UK's widest range of alloy wheels plus high performance tyres, nuts & bolts

Transform the look and
roadholding of your car
instantly with a set of alloy
wheels and low-profile tyres.

→ Styles **FROM £199.95**

With over 500 different designs featured in the Carnoisieur Catalogue alone, the choice is immense. It is, however, essential that the wheels and tyres have been designed specifically for your vehicle. Let us guide you through the process of selecting the right wheels and tyres that suit you and your car.

→ Finishes

Chrome, Stainless Steel Lips, Polished Rims, Diamond Cut Spokes, Silver, Gold, Red, Matt Black... the choice is yours. Again we will help establish what you intend to use the car for and what is the best way to proceed.

→ Sizes

In recent years the sizes of wheels supplied with new cars has increased. The diameter of wheels has increased from 13" to 15" for most cars, and from 17" to 19" and above for high performance models.

The most popular size now for upgraded wheels is 17" but it is not unusual to find 20" wheels specified, especially for the larger saloons and sports cars. 4x4 and SUV vehicles can go much much bigger!

→ Fitment and Fitting

Fitments are critical and best left to experts such as Carnoisieur. It is essential to ensure the correct PCD, centre bore, offset, spigot rings, technical specification of the nuts and bolts, correct width of wheels, correct locking nuts or bolts, correct tyre sizes for front and rear, load index and speed rating...

In essence; leave it to us. You will receive first class advice and the correct fitment for your car.

We can supply your alloy wheels with brand new tyres. They arrive at the store with the tyres ready fitted and balanced. We can then arrange to fit these to your vehicle and organise disposal of the old wheels and tyres if necessary. Please ask us for details of this service.

→ Specialist Fitments

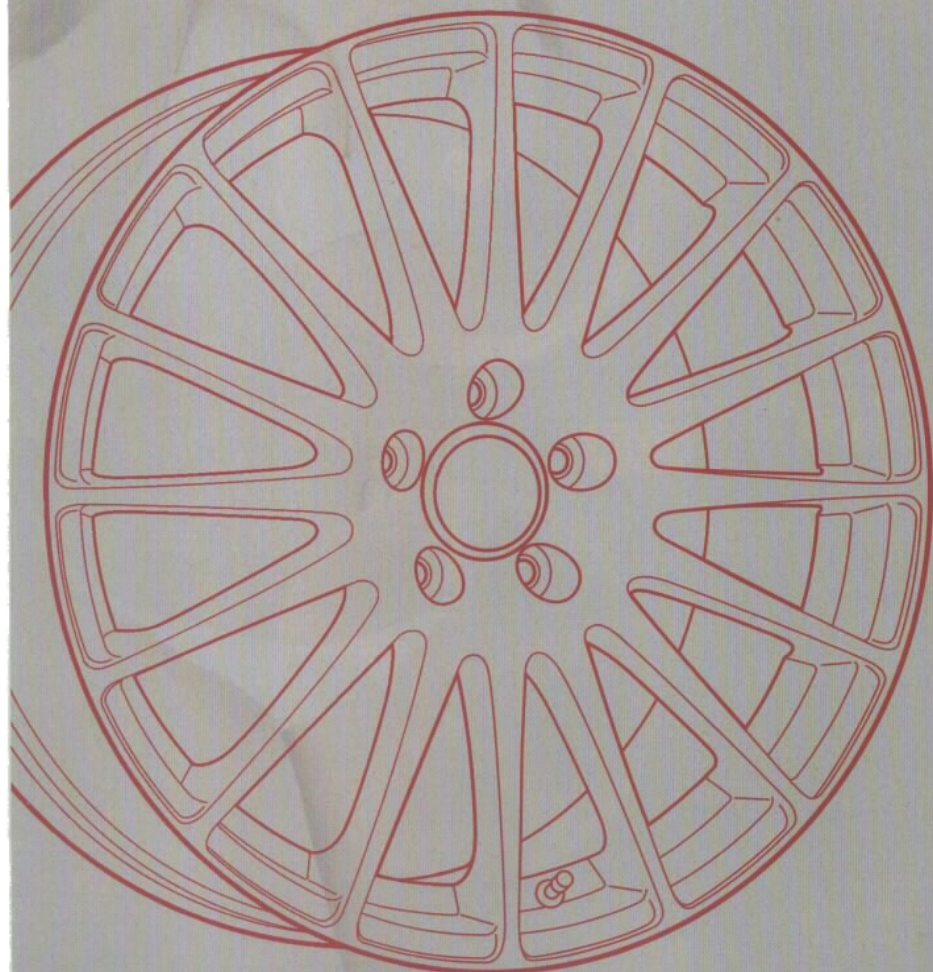

Some cars need special fitments for various reasons. Also some modifiers like to 'push the boundaries' and fit 'different' wheels; these may have very wide rims or in some cases small diameters for the 'Euro-Look'. Let us show you the options and help you decide what is right for you.

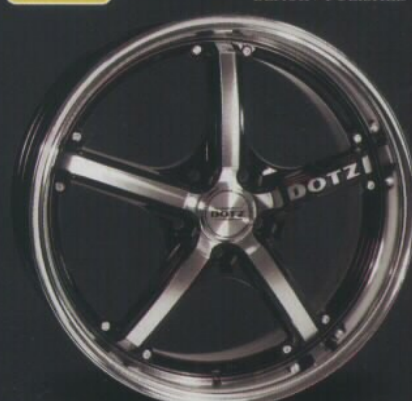

→ Security

We would advise you to select a set of locking wheel nuts or bolts of the best quality to ensure "your wheels" stay "your wheels".

→ Price Ranges

Budget packages all the way up to original fitment wheels from specialist tuners. Carnoisieur cover them all. Hundreds of pounds to thousands of pounds!

WOLFRACE TUNING IS SPONSOR AND OFFICIAL PARTNER OF BMW AND M POWER CAR CLUB UK

Exclusively for BMW

Since 1983 the G-POWER brand has focused on the refinement and tuning of BMW's.

A wide range of alloy wheels, aerodynamic packages, suspension, exhausts and engine tuning systems are available for most BMW's from 1 series to X5

G-POWER Silverstone Diamond wheel

The new G-POWER SILVERSTONE DIAMOND wheel features a concave rim contour design and has been specially developed for the latest BMW vehicle generation.

Continuous research into vehicle and wheel design has enabled G-POWER to create a wheel (which is patented by G-POWER) that has been specifically matched to the BMW brake contours. Thanks to the optimized spatial relations, the wheel enhances brake ventilation.

The G-POWER Silverstone wheel has gained full run flat approval from BMW when used in conjunction with the approved tyres and weighs less than original the M power wheels.

The wheel is initially available in sizes 18" to 21" in widths of 8.5" to 10.5". A Black and polished wheel will be available soon

Less is not always more. G-POWER HIGHLINE PROGRAMME

Specific attention has been given to enable simple application of each kit, each Highline part is a direct replacement of the original BMW OE item. Available for 1, 3, 5, 6 and 7 series as well as Z and M models.

WOLFRACE
wheels
SINCE 1971

The American brand D'Vinci creates luxury, high quality alloy wheels for premium marques.

Most D'Vinci wheels are available in both chrome and black/chrome finishes and some have inserts that can dramatically alter the appearance of the wheel, these inserts can be custom painted to your requirements.

DRIVEN BY FASHION

Fox Racing certify the six styles of wheels are fully compatible with the most popular vehicles in Europe whilst remaining at the forefront of market fashion, design trends and paint finishes.

FOX

RACING

WHEELS

NEW FOX FX-4

A conservative, sleek style featuring a large centre cap which maximises the length of the spokes one of which is subtly engraved with the 'Fox' logo.

Sizes - 15"-16"-17"

Please call for more details.

130 1781

NEW FOX FX-5

A simply stunning multi-spoke, featuring uniquely styled deep grooved spokes one of which is subtly engraved with the 'Fox' logo.

Sizes - 16"-17"-18"

Please call for more details.

130 1782

FOX R-6

A radical, trend setting, two coloured design, characterised by 5 spokes. Each spoke has a concave groove, one of which is embossed with 'Fox' giving a signature of pure style.

Sizes - 16"-17"-18"

Please call for more details.

130 1778

RS

LUXURY WHEEL DESIGN

NEW RS VR 5

Smart and strong is a statement for this state of the art style featuring 5 long spokes with deep recessed centred groove and unique laser cut steel rim cover.

Sizes - 17"-18"-19"-20"

Please call for more details.

130 1786

NEW RS UV 6

Robust yet subtle. Six fanned spokes with integral centre cover designed for maximum strength and durability.

Sizes - 18"-20"-22"

Please call for more details.

130 1787

NEW RS GT BLACK - 4 STUD

Pure style with innovative design. This wheel features a unique replaceable stainless steel spoke insert. Should you damage one spoke then it can easily be replaced.

Sizes - 17"

Please call for more details.

130 1788

UK's widest range of alloy wheels plus high performance tyres, nuts & bolts

Tyre Pressure Monitoring System

Racing

- No more guessing tyre pressure
- High Visibility Display
- Perfect for racing, track days

The T.P.M.S. overview

Tyre Pressure Monitoring System

The system constantly monitors tyre pressure and temperature, alerting the driver when tyre pressure or tyre temperature are abnormal.

Features

- 24hr -365 days a year monitoring
- No need to check tyre pressures
- System alerts the driver within 3 seconds of any abnormality

Benefits

Better fuel consumption... saves money
Normal tyre wear... saves money
No low pressure tyre failure... saves lives

The Mugen Honda RR Comes fitted with TPMS as standard.

Racing Partners

Le mans 24hr Honda Team
 Formula Renault
 Formula China
 C1 Supercup (Ferrari)
 GT N1 series (Nissan Honda)
 F3 Japan (Alfa Romeo)
 A1 (Testing in England)

1 TYRESURE WIRELESS SYSTEM

Advanced wireless tyre pressure monitoring system. Saves fuel, saves lives and saves tyre wear! System includes 4 sensors and an attractive display screen for the cabin.

From a racing or track day perspective, tyre pressures can be fine tuned to improve performance. TyreSure monitors and displays both pressure and temperature.

The sensors can be fitted to your wheels at any good tyre fitter. Alternatively we can fit the Tyre Sure system to any sets of wheels and tyres purchased from Carnoisseur. We will not charge for fitting the system!

- 7 year sensor battery life
- Saves fuel
- Saves tyre wear
- Saves lives

A 6 PSI drop in pressure can lead to a 10-20% increase in fuel consumption and 30% increase in tyre wear.

Tyre pressure monitoring systems are now mandatory on all new cars in the USA, that is how important this feature now is. TyreSure racing partners include Honda LeMans 24hr team, Formula Renault and C1 Supercup.

SILVER NICKEL PLATED

1 FROM £12.95

1 PRO-VALVES

Universal bolt-in. Supplied in sets of four.

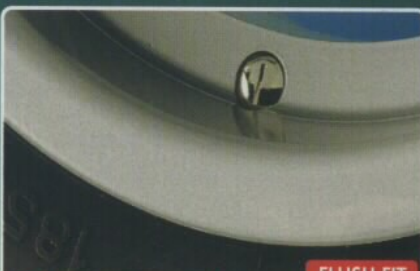

Available in Silver, Blue, Red, Titanium and Gold 'staybrite' anodised aluminium or in Silver colour OE spec Nickel plated brass.

888 1643 Silver	£16.95
888 1645 Blue	£16.95
888 1647 Red	£16.95
888 1649 Titanium	£16.95
888 1651 Gold	£16.95
140 4316 Silver Nickel Plated	£12.95

2 FLUSH-FIT VALVES

Universal fit. Used by motorsport teams worldwide. Increased safety and security plus a smooth aerodynamic appearance. Supplied in sets of four with an airline adapter for tyre inflation.

888 1653	£19.95
Spare airline adapter	
888 1655	£3.50
Set of spare flush-fit valve caps	
888 1656	£3.50

2 £19.95 PER SET

FLUSH-FIT VALVES

3 SPINNING ANTI THEFT VALVE CAPS

Impossible to remove without the supplied security key. Available in Red, Blue, Black, Titanium or Gold finish. Set of 4.

888 1657 Red	£12.95
888 1658 Blue	£12.95
888 1659 Black	£12.95
888 1660 Titanium	£12.95
888 1661 Gold	£12.95
888 1662 Silver	£12.95

4 ANTI-THEFT VALVE CAPS

Nickel plated universal fit valve caps with simple grub screw fastening to prevent theft. Complete with fixing tool. Supplied as set of five.

Available with or without logos.

888 1689 (with logo)	£12.95
888 1690 (no logo)	£9.95

5 LOGO VALVE CAPS

Nickel plated brass valve cap sets complete with logo and rubber sealing rings.

Supplied in perspex giftbox. Please state logo required when ordering. Most are available, please ask. Set of 4.

330 5652	£9.95
----------	-------

6 ALU 'R' VALVE CAPS

Available in Blue, Red, Titanium, Silver or Gold with lasered 'R' logo. Set of 4.

888 1712 Blue	£5.95
888 1713 Red	£5.95
888 1714 Titanium	£5.95
888 1715 Silver	£5.95
888 1716 Gold	£5.95

7 NICKEL VALVE CAPS

Nickel plated brass. Set of 4.

888 1717	£4.95
----------	-------

8 LICENSED VALVE CAPS

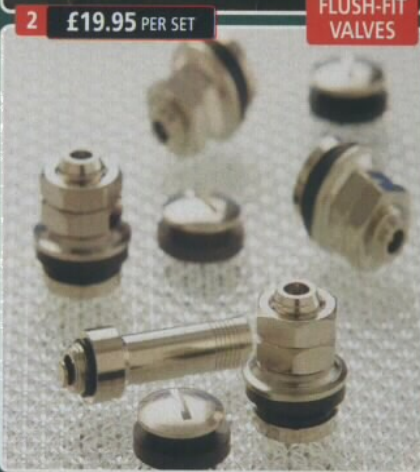

Anti-theft design with officially licensed logos.

888 1678 Vauxhall	£12.95
888 1669 Ford	£12.95
888 1777 Ford 'RS'	£12.95
888 1778 Ford 'ST'	£12.95
888 1686 MG	£12.95

3 £12.95

STAR PRODUCT

2 £19.95 PER SET

FLUSH-FIT VALVES

6 £5.95

4 FROM £9.95 PER SET

ANTI-THEFT VALVE CAPS

7 £4.95

5 £9.95 PER SET

8 £12.95

Precision Engineered Wheel Security

Choosing the right wheel lock to protect your expensive wheels and tyres is an important decision, most locks provided free with wheel and tyre packages are very cheap and ineffective. Look at the packaging, if it's just a polybag or a cheap perspex packaging it's probably mass produced, without any Quality Control, offering limited security

These are some of the questions you need to ask if you want to protect your wheels and tyres:

- Do they offer a life-time guarantee against corrosion?
- Have the locks you are going to buy been tested by any independent body like Thatcham or SoldSecure?

- Do they offer a replacement key system? If not, they have no control over the lock combinations they use which will be very few and very easy to overcome.
- Are the locks manufactured to any recognized standard like ISO9000 and QS9000? These standards confirm that the material the locks are made out of are checked before, during and after the manufacturing process.

Without doubt the best wheel lock in the world!

This lock was developed to combat the ever increasing determination of wheel and tyre thieves. It is an evolution of our original trilock and offers the highest level of wheel and tyre security that money can buy. It incorporates the following features:

- Heavy duty toughened rotary ring - virtually impossible to grip
- Drill & punch resistant centre, hardened for maximum strength
- Manufactured to ISO9001 & QS9000 standards

- Thatcham approved and passed
- "SoldSecure" approved with Gold rating
- Used by over 15 car manufacturers.
- Lifetime Guarantee against corrosion
- Replacement key system

143 1670 Set of 4 **£29.99**
143 1671 Set of 5 **£34.99**

evo5^{Mk}

1 FROM £29.99

MICROLOCK

Thatcham* approved tuner wheel lock!

A new generation of lock, specially designed to fit the latest Japanese style wheels (tuner wheels) with a narrow fixing hole. The head of the Microlock has an outside diameter of 20.5mm and offers a security level not matched by any other tuner style lock.

- A unique internal lock combination makes removal of this lock without a key virtually impossible
- Designed to defeat the most sophisticated lock removal tools
- Lifetime Guarantee against corrosion
- Replacement key system

- Manufactured to same high standards as EVO 5
- Hardened and tempered for maximum strength
- Manufactured to ISO9001 & QS9000 standards

143 1661 Set of 4 **£29.99**

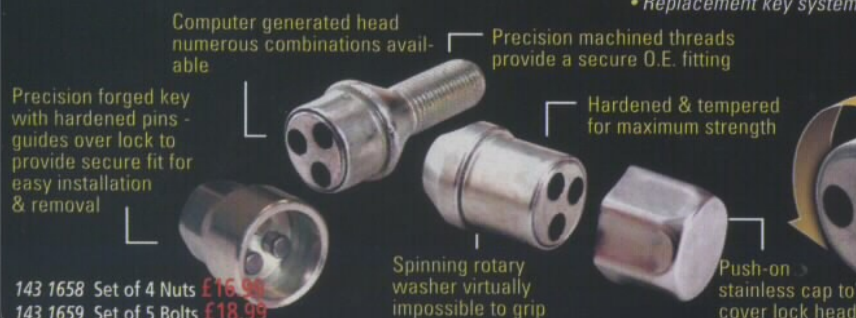

* Approval for aftermarket wheels Category 4, May 2007

The best budget lock you can buy!

The original locking wheel nut system that has been used by 20 different car companies during the course of its life. No other budget priced lock offers the level of security, quality and the range of fitments that the trilock offers.

- Manufactured to same high standards as EVO 5 and microlock
- Rotating washer helps prevent the lock head being gripped
- Hardened and tempered for maximum strength

- Manufactured to ISO9001 & QS9000 standards
- Vast range of fitments available
- Lifetime Guarantee against corrosion
- Replacement key system

143 1658 Set of 4 Nuts **£16.99**
143 1659 Set of 5 Bolts **£18.99**

TRILOCK

3 FROM £16.99

PRECISION ENGINEERED

Wheel Fixings & Accessories

We have a vast range of replacement nuts, bolts and wheel studs, listed below are the most popular items. We have taken great care to source precision manufactured parts that will offer a safe, secure and long lasting service. If you can't find the particular part you are looking for listed below please contact us.

888 1540	M12 x 1.25	19mm	Flat	23mm	73.2mm	£3.00

Star Slim

The latest design in nuts and bolts – rather than use the traditional hexagonal head the new star nuts and bolts have a rounded head with the star shape recess in them which accepts a matching key to remove or install them.

The 20mm diameter head is specially designed to fit into alloy wheels that have a narrow fixing hole.

PART NUMBER	NUT/BOLT	THREAD (MM)	O.D Ø OF HEAD (MM)	SEAT	THREAD LENGTH	OVERALL LENGTH	PRICE INC. VAT
888 1542	Nut	M12 x 1.5	20mm	60°	-	37mm	£3.00
888 1543	Nut	M12 x 1.25	20mm	60°	-	37mm	£3.00
888 1791	Bolt	M12 x 1.5	20mm	60°	26mm	52mm	£3.00
888 1544	Bolt	M12 x 1.25	20mm	60°	24mm	50mm	£3.00
888 1545	Bolt	M14 x 1.5	20mm	60°	28mm	53mm	£3.00

A Key is required for installing and removing all Star Slim headed Nuts and Bolts. There are 3 different Hex Sizes 17mm, 19mm, 21mm – £1.90 (888 1540)

Wheel Studs

These Studs are designed to be fitted as extension studs to allow the fitting of different wheels where a longer thread is required. The studs are mounted through the back of the wheel hub and the splines on the shoulder of the stud must match the splines in the wheel hubs.

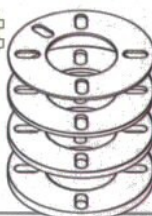

PART NUMBER	THREAD (MM)	OVERALL LENGTH	THREAD LENGTH	SPLINE DIA Ø	APPLICATION	PRICE INC. VAT
888 1792	M12 x 1.25	70mm	51mm	12mm	Nissan, Suzuki	£5.00
888 1793	M12 x 1.25	65mm	51mm	14.2mm	Special Subaru & Nissan	£5.00
888 1552	M12 x 1.5	70mm	51mm	12mm	Ford*, Rover, Honda	£3.00
888 1553	M12 x 1.5	70mm	51mm	13mm	Ford*, Hyundai*, Mazda	£3.00
888 1554	M12 x 1.5	70mm	51mm	14mm	Ford KA*/Escort >92	£3.00

* It is very important that the stud you order has the correct Dia Ø at the splines to match the hole in the back of the wheel hub.

High Pressure Die-Cast Aluminium Spacers

High quality cast wheel spacers. Precision engineered to be totally flat. Universal fitting ranging from 98mm to 137.5mm PCD. 4 and 5 nut/bolt fixing. Supplied in pairs, 2 pieces per kit.

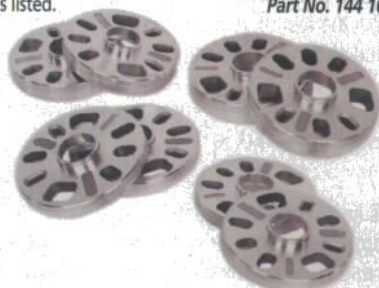

PART NUMBER	NO. OF NUTS/BOLTS	THICKNESS	INSIDE DIA Ø	OUTSIDE DIA Ø	PRICE INC. VAT

Many more applications available – VW, BMW, Honda, Audi, SAAB, Subaru etc

→ SUSPENSION

Springs, shocks, coil-overs, anti-roll bars, strut braces and poly bushes

Transform the way your car looks and handles with our complete Suspension solutions.

→ Lowering Springs **FROM £49.00**

Reducing the ride height will enable the car to corner quicker and safer. Ride height can be reduced by 15-60mm, we can tell you the specific lowerings available for your car. Kits are available to lower the front more than the rear for an aggressive stance. We can also supply kits to suit cars with rear torsion bars (e.g. Renault). Extreme lowerings such as 60mm will require shortened sports shock absorbers. We can recommend the ideal springs for your make, model and budget.

→ Shock Absorbers (also known as dampers) **FROM £14.16 each**

Settings on these range from very firm to near standard levels. Generally the firmer the setting the quicker the car will corner, however if the car is used on many different surfaces the firmer settings will probably cause the ride to be excessively harsh. Another consideration is that if the car is lowered it may be advisable to use specially manufactured shorter shock absorbers to complement the shorter springs. Some Shock Absorbers are adjustable to enable them to be set from very firm through several levels to a softer more standard level. This can often be done with the shock absorbers still on the vehicle e.g. by adjusting a knob on the top of the shock absorber itself under the bonnet or in the boot. Ask one of our assistants for more details of these adjustable shock absorbers or indeed any of your suspension requirements.

→ Suspension Kits **FROM £199.95**

In essence these are complete kits of Shock Absorbers and Lowering Springs tailored to specific cars. They are available in various forms:

A) Sports Kits. Up-rated but replacement style kit. This is the same format as the original equipment items. It will be a straight replacement but will feature special shock absorbers that will be up-rated and designed to work with springs that give a lower ride height. The shock absorbers in some kits will be adjustable to make them softer or firmer depending on the use the car is being applied to.

B) Coil-Over Kits. These use different technology and the springs are integral to the shock absorbers. They are ideal if you require to change the ride height for track or show use. Infinitely adjustable for not only ride height but also the firmness of the shock absorber.

→ Poly Bushes **FROM £19.92 set**

Standard bushes deteriorate with age and can now be replaced with Polyurethane versions. They will transform the feel of your car no end giving a more controlled and crisper driving experience plus they will not deteriorate with age. Available for most applications. Ideally these should be fitted when other suspension work is being carried out.

→ Strut Braces **FROM £41.81**

Act as a solid connection between the two Strut Tops, this keeps the suspension geometry correct and ensures consistent tight handling.

GAZ SHOCKS

1 GAZ GHA KIT FROM £464.13

**STAR
PRODUCT**

2 GAZ GOLD KIT FROM £626.28

1 GAZ GHA COIL-OVER KIT (HEIGHT ADJUSTABLE)

- Full competition or fast road suspension kit.
- Adjustable height spring platforms plus adjustable damping.
- High quality race coil springs.
- Lowers from 25mm to 65mm.
- Ultimately adjustable for true performance tuning.
- Manufactured to ISO9002 standard.
- 3 year warranty.

See table for prices and applications. Kits can be tailored to your specific requirements if necessary, please enquire for details.

145 4131

FROM £464.13

2 GAZ GGA GOLD COIL-OVER KIT (HEIGHT ADJUSTABLE)

Premium range designed for tarmac motorsport and the serious track day enthusiast.

- Adjustable bump and rebound from a single control knob.
- 62mm bodies for increased oil capacity.
- 22mm hardened piston rods, chrome plated for strength and durability.

See table for prices and applications.

145 4133

FROM £626.28

NOTE: SHOCK ABSORBERS ALSO AVAILABLE FOR: CATERHAM, WESTFIELD, LOTUS, DAIMLER, JAGUAR, JENSON, MARCOS, MERCEDES, PORSCHE, SAAB, SUZUKI, TRIUMPH AND TVR. TAILORED RACE KITS AVAILABLE FOR KIT CARS, STOCK CARS OR ANY OTHER SPECIALIST APPLICATION. PLEASE ENQUIRE FOR DETAILS.

High quality range of fully adjustable competition and fast road shock absorbers and suspension kits.

WEITEC[®]

FAHRWERKTECHNIK

1 HICON COIL-OVER KITS

1 WEITEC COIL-OVER KITS

Coil over kits from the Hicon series enable the sports driver to realise his wish for individual lowering. Thanks to adjustable aluminium spring seats the chassis height can be optimally positioned. Shortened zinc bodies and the use of racing springs allow lowering rates of up to 90mm and more. The use of high quality materials and in particular special bump stops and dust cups guarantee driving comfort.

HICON GT COIL-OVERS

This is the new, economical shock absorber system with non adjustable shock characteristics. Weitec have used all their experience in countless tests to give you the best set up possible to guarantee driving comfort and safety.

146 5575 from £425.00

HICON TX COIL-OVERS

Shocks are adjustable after installation. With this mature shock technology the user can adjust the rebound characteristic from outside to suit all situations. The sometimes shortened struts are combined with other high quality components in an oil bed to meet our exacting requirements.

146 5576 from £550.00

HICON GTN

Economical shock absorber system with prefixed characteristics. A sliding height adjustment on the front axle and adjustable spring plates on the rear axle.

146 5577 from £299.00

2 ANTI-ROLL BARS

Need more Traction? Reduce your vehicle's body roll and increase the gripping power of your tyres with a set of Weitec Roll Bars which are engineered to give you the best performance possible. Weitecs cold formed solid steel Anti-Roll Bars are powder coated for durability, and come complete with polyurethane bushes and all hardware needed for installation. See table for prices and applications.

146 5580 from £116.16

High quality Chrome Sillicium steel. They are tempered, surface finished with a Zinc phosphate coating and then epoxy coated. All sport springs from WEITEC are supplied with full instructions, quality sheet and TUV certificate. Almost 800 various spring kits available with up to 6 different lowering kits for all sorts of makes. Thanks to the versatility of these springs lowering of up to 40 mm is often possible without special shock absorbers.

High quality, economical complete systems. By combining Weiter sport springs for exact

AVAILABLE FOR NEARLY EVERY MAKE AND
MODEL. PLEASE ENQUIRE FOR YOUR VEHICLE

Manufactured in twin-tube design with optimised sporty damping rates, which have

146 5507 (each) **from 205.00**146 5507 (each) **from 205.00**

Springs, shocks, coil-overs, anti-roll bars, strut braces and rollover bushes

TÜV
TEILEGUTACHTEN

1 VARIANT 1 COIL-OVER KIT

Adjustable ride height with fixed rate damping. Perfect balance between sporty handling and comfort. An excellent fast road entry-level coil-over kit.

Massive range available, see table for examples. Please enquire if your car is not listed.

144 5565 from £448.64

2 VARIANT 2 COIL-OVER KIT

Adjustable ride height system with adjustable damping (rebound force), allowing you to fine tune the handling and comfort level. Front units are adjustable on the car whilst some of the rear units will have to be removed to adjust the damping rate.

Massive range available, see table for examples. Please enquire if your car is not listed.

144 5566 from £640.70

3 VARIANT 3 COIL-OVER KIT

A Race technology for the road with adjustable compression and rebound damping. state-of-the-art suspension. 3 individually adjustable components for tuning the compression of the damper in the low-speed range, while the highspeed set-up, so decisive for driving comfort, has been preset by KW engineers.

Massive range available, see table for examples. Please enquire if your car is not listed.

144 5567 from £939.18

4 KW STREET COMFORT COIL-OVER KIT

Stainless steel technology 'inox-line', developed especially for ambitious customers which demand comfort, safe driving quality and a discreet but individual lowering. Height adjustable from 5-45 mm front and rear. All coilover kits can be adjusted in rebound damping for more comfort.

Massive range of applications available, please call for your car.

146 5583 from £824.00

5 KW CLUBSPORT COIL-OVER KIT

New product line for race track and road use with ideal performance. Independently adjustable compression and rebound damping. Use of high performance linear race springs. Ideal for high performance cars and track-day enthusiasts.

Massive range of applications available, please call for your car.

146 5584 with Top Mounts from £1,078.00

6 KW SPORTS SUSPENSION KIT

High quality KW springs and matched sports shock absorbers. The sporty, harmonised tuning delivers excellent road-holding and safety, without the uncompressing loss of residual comfort.

Available for most makes and models please enquire for your requirements.

146 5568 from £285.00

VARIANTE 1

1 FROM £448.64

The initials KW, and the trademark colours of yellow and purple, stand for individuality, quality and security.

VARIANTE 2

2 FROM £640.70

VARIANTE 3

3 FROM £939.18

**KW SPRINGS, SPORTS KIT
AND SHOCK ABSORBERS
ALSO AVAILABLE.
PLEASE CALL!**

5 CLUBSPORT KITS
FROM £1078.00

7 SPORT ANTI-ROLL BARS

Complete your KW suspension upgrade with an anti-roll bar kit. Reduce body roll through increased stiffness and advanced design. Better handling and cornering in all conditions. Includes all mounting hardware and fitting instructions.

Available for Audi, BMW, Mini, Seat, Subaru and VW. Please call for your specific requirements.

146 5557 from £255.00

7 SPORT ANTI-ROLL BARS
FROM £255.00

Spring, shock, coil-overs, anti-roll bars, strut braces and poly bushes

COBRA

SUSPENSION

The Power of Control

PACK PRICE FROM
£369.38

COBRA SUSPENSION has more than 20 years experience developing sports suspension for race and street cars. COBRA lowering springs are made in Holland to meet the highest European quality standards like ISO 9002 and TUV.

COBRA SPORTS LOWERING SPRINGS Improved handling and response, lowering from 20mm to 60mm. TUV/GOCA/DSA approved and guaranteed for 5 years. COBRA SUSPENSION lowering springs not only give your car that "racing" look, they also improve handling during fast cornering, acceleration and braking.

Part No. 148 9152

COBRA SHOCK ABSORBERS Feature twin tube gas pressure shock absorbers with sport valves, available in original length or with shortened piston rods.

Part No. 148 9153

COBRA COILOVERS Coil-over suspension kits are adjustable in height, EVOI and damping EVOII, and EVOIII. Technical Features: Twin-tube gas pressure system, front and rear axle adjustable lowering up to 80mm, adjustable damping (EVOII rebound and EVOIII inbound and rebound) after installation, polyurethane-bushing and special bump stop. EVOIII features upside down piston and top mounts. EVO R is a full race competition system with high and low speed damping.

Part No 148 9154

4 P.I. SHOCK ABSORBERS Part No. 148 908

[illegible]

1 P.I. LOWERING SPRINGS

- Lowers car by 20 to 60mm (see applications) • Improves handling • Achieve that sporty appearance • Massive range available. See table for prices and applications. Please enquire if your vehicle is not listed.
Part No. 148 9089 from £52.75

2 P.I. SUSPENSION KITS

- Lowers car by 20 to 40mm (see applications) • Combines top quality uprated shock absorbers with P.I. sport springs • Transforms the handling of your car • Excellent value for complete set of four shock absorbers and spring kit **Part No. 146 5556 from £222.00**

3 P.I. COIL OVER KITS

Total control with an adjustable P.I. Coil Over suspension kit. Change ride height from 30mm to 90mm lowering. Four racing springs with matching shock absorbers. True professional choice. Please enquire if your car is not listed. **Part No. 146 5563 from £415.60**

2 P.I. SUSPENSION KITS Part No. 146 5556

1 ANTI-ROLL KIT

The Eibach Anti-Roll Kit allows further refinement of the driving properties of your vehicle. Installation of the Anti-Roll reduces lateral rolling of the body, thus enhancing the sporty driving behaviour in combination with Eibach suspension components. This additional stability provides even more driving pleasure under all conditions. The Anti-Roll Kit is optimally tuned to the Pro-Kit Lowering Springs and adjusted fully compatible to Sportline Kits. It may, however, also be combined with original equipment springs in the event, that a lowering of the vehicle is not desired.

148 9079

from £140.10

2 PRO-SPACER

Eibach pro-Spacer is the ideal combination for use with the Eibach Pro-Kit Lowering Springs. If the original or aftermarket wheels are missing that last optical 'kick', with the Pro-Spacer installed the car looks wider and better as the wheels fill the arch. By increasing the track width, not only is the appearance improved, you also achieve an optimised driving behaviour combined with high stability.

The Pro-Spacer is made from high tensile aluminium alloy and is available in different widths from 5-30mm to suit your specific vehicle. Please enquire for your vehicle.

148 9084

from £33.44

3 PRO-KIT LOWERING SPRINGS

Eibach's considerable experience in world motorsport has culminated in this outstanding range of Sport Springs, developed specifically for road use. These progressive springs offer guaranteed improvements in handling, performance and style. Please see table for prices, applications and lowering. State make, model and year of vehicle when ordering.

148 9088

from £83.15

4 SPORTLINE ULTRA-LOW SPRINGS

For the ultimate in sport springs Eibach have developed the Sportline Ultra Low Spring kits. Performance and style are optimised while providing a firmer stiffened ride. Made for the young enthusiast, wanting a very sporty driving behaviour and more aggressive look of the vehicle. Lowering up to approximately 50mm.

148 9083

from £76.82

5 PRO-STREET COIL-OVER KITS

Pro-Street kits allow the driver to adjust the height of their vehicle and at the same time, the performance of the dampers. Eibach coil-over kits are successfully used by national and international motorsport teams. Ride height adjustment from 20mm to 70mm lowering. The true performance suspension solution.

148 9082

from £544.12

6 PRO-DAMPERS

Professional quality shock absorbers. The unique internal valving system engineered by Eibach provides a highly responsive and accurate suspension component for all driving conditions. Combining a Pro-Damper Kit with Pro-Kit Lowering Springs ensures an unrivalled suspension package tuned to optimise handling.

Eibach® THE WILL TO WIN

PERFORMANCE SUSPENSION TUNING

EIBACH CAMBER ALIGNMENT KITS

When you change your vehicle's ride height you can expect to change your vehicle's suspension geometry as well. Most severely changed is camber. This will effect both your tire wear and how your vehicle handles. By tuning your suspension with an Eibach Camber Kit you can save your tyres and bring back handling. Restore ride quality and appearance at the same time.

See table below for prices and applications.

Part No. 148 9078

BEFORE

AFTER

DISCOVER WHAT
SUSPENSION TUNING
CAN DO FOR YOU

- Extend your tire life
- Improve handling
- Enhance appearance
- Increase tire-to-road contact
- Restore ride quality

Eibach UK now features SPC Performance Kits.

A complete solution for solving camber problems when lowering some of today's most popular vehicles. These kits are for correcting alignment angles as well as some wheel clearance problems.

PERFORMANCE SUSPENSION

SUPERSPORT

1 RACE COIL-OVER KIT

Made in Germany, The Supersport "Race" Coilover kits are fully adjustable in height. Proven to give you a sporty, firm ride and a killer modified look. To adjust simply jack up the car and a quick turn of the C-spanner to drop on the deck or raise to the max. Suitable for fast road use. TUV approved. Supersport slashes its prices as low as its suspension!

See table for example prices and applications.
Please call us if your car is not listed.

146 5589 from **£317.24**

2 SPRINT SUSPENSION KIT

Entry level uprated spring and damper kit that will firm up the ride for better control and drop the car to the floor which will lower the centre of gravity and give a cool modified look. Suitable for fast road use. TUV approved. Fantastic low prices!

See table for example prices and applications.
Please call us if your car is not listed.

146 5590 from **£164.49**

3 LOWERING SPRINGS

Using chromed silicone steel, the Supersport springs are progressively wound to give you great handling at lower speeds and will stiffen up as your speed increases, thus braking and cornering become more efficient and the feedback you get through the car is vastly improved.

146 5591 *see* 146 5590, *see also* 146 5592 **from £46.99**

NOTE: This is a small selection of available kits. Please call if your car is not listed. More lowering options available on Sprint kits available for most vehicles (35x40x60mm or different front & back).																				

9 Sprint kits available for most vehicles (35/40/50mm or different front & back).

SPRING KITS

Lowered and progressive rate sports springs. Offers around 30mm-40mm drop in most instances. Surface shot peened zinc phosphate and powder coated.

146 5572 **FROM £49.24**

COIL OVER KITS

High quality components for longer durability. TUV approved, height adjustable and full fitting instructions, includes 2 year guarantee.

146 5582 FROM £267.90

SUSPENSION KITS

Teaming up a set of performance Gmax shocks and springs; you are guaranteed better handling than ever.

FROM £210.28

SHOCK ABSORBERS

Race bred, uprated internals. Shortened piston rods prevent spring dislocation. Drastically reduced body roll. Please note; Gmax Shocks will only work with Gmax springs.

146 5574 **FROM £27.87**

THE BEST SELLING USA COILOVER SUSPENSION HAS LANDED IN THE UK!

- FROM JUST £299.99
- QUALITY CONSTRUCTION
- TÜV APPROVED
- 2 YEAR WARRANTY

4 KIT TYPES AVAILABLE:

A. COILOVERS Front and Rear

B. COILOVERS FRONT Dampers Rear with adjustable springs

C. COILOVERS FRONT Dampers Rear with fixed height springs

D. COILOVERS FRONT No Spring Rear (e.g. Torsion Bar)

Springs, shocks, coil-overs, anti-roll bars, strut braces and poly bushes

SUSPENSION

1 POLYURETHANE SUSPENSION BUSHES

Suspension bushes are one of the most highly stressed components fitted to a motor car. They undergo enormous strain, in the most arduous of conditions with no maintenance or lubrication. Conventional rubber bushes deteriorate with age allowing movement of suspension components and geometry. This can cause tyre wear, braking instability and poor handling.

Powerflex bushes are made from a technologically advanced polyurethane plastic compound. This compound overcomes the common problem associated with harder bushes which is increased noise. By correctly engineering the polyurethane compound, bushes can be made 25-30% stiffer than new rubber bushes, but with exactly the same noise absorbing properties.

Powerflex bushes are fitted with stainless steel inserts, where required, thus avoiding the corrosion problems associated with cheaper steel bush inserts.

2 UNIVERSAL BUMP STOPS & DUST COVER KIT

These new style progressive rate polyurethane bump stops provide bump protection and ride height control and the rubber bellows are designed to protect the shock absorber centre rod. The bump stops are designed to fit all sizes of shock absorber. With this new product, shock absorber life will definitely be prolonged.

888 1502 (pair)

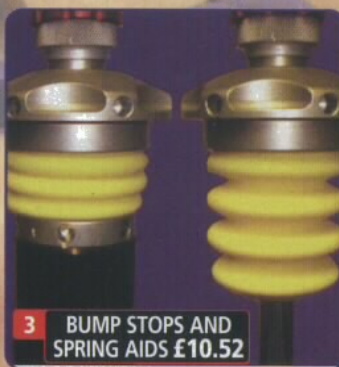

£23.44

3 BUMP STOPS AND SPRING AIDS

This new range of closed cell polyurethane foam bumpstops and spring aids have been developed for optimum performance. The range is designed to our specification and parts are available with accurate force-deflection data. They are manufactured as a universal product range to fit all popular shock rod diameters.

→ BRAKES

Serious stopping power with discs, pads & big brake conversions

Dramatically reduce stopping distances with upgraded performance discs and pads. Essential when increasing engine BHP!

Most of the braking effort comes down to the front of the car. The front brakes therefore take the strain and it is here where we start to improve the performance of the braking system. In essence the bigger the contact surface and the better the grip between the brake pads and the brake disc the quicker the car will stop.

→ Discs **FROM £34.70 pair**

Extreme heat is produced under heavy braking. This heat hinders the braking process and needs to be dissipated as quickly as possible. Grooved or cross-drilled discs help with this process, as do ventilated discs that are in most cases supplied as standard on newer vehicles.

→ Upgrade Kits **FROM £646.65**

Bigger brake kits with bigger discs and larger callipers are available for certain vehicles. Performance callipers can have 4 or even 6 'pots'. This refers to the pistons that push the brake pads onto the discs. Callipers on these kits are often available in different 'enamel' colours that look fantastic when seen through the open spokes of today's large alloy wheels. The larger the alloys, the bigger the disc you can fit.

→ Pads **FROM £7.99 set**

Upgraded Brake Pads are also available to suit different styles of driving from everyday to track-day. Advanced pad materials reduce brake dust and increase braking performance.

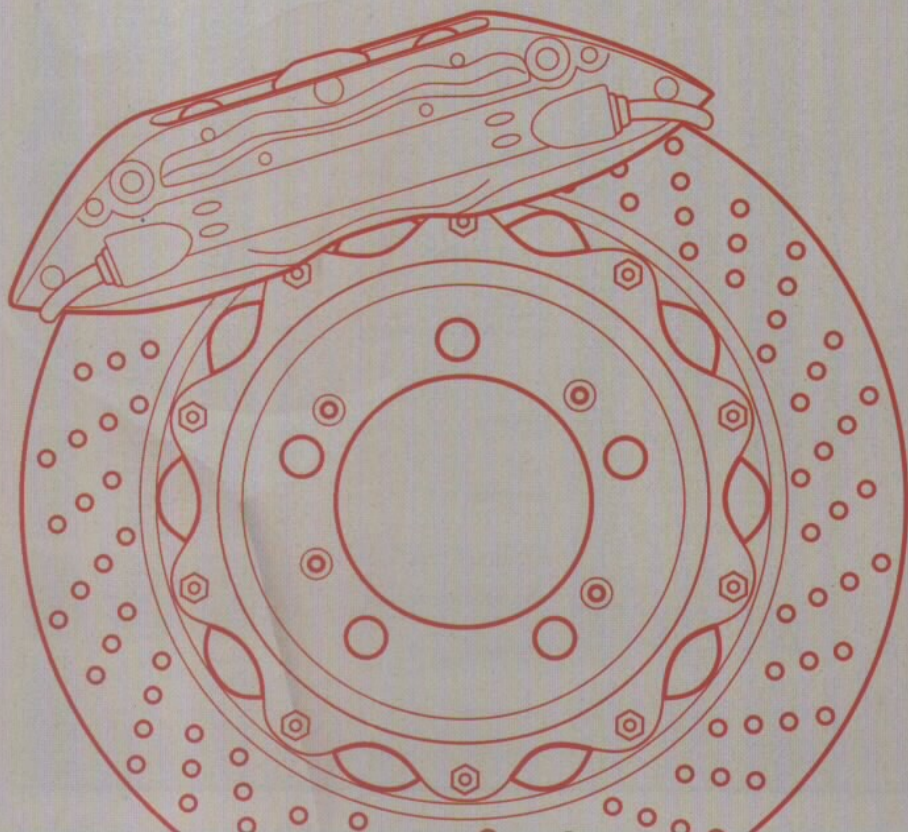

→ Braided Hoses **FROM £54.05 set** & Dot 5 Fluid **FROM £9.11**

Don't forget to check out the brake hoses and upgrade the brake fluid. Braided brake hoses will improve brake feel by reducing expansion in the system and good quality Dot 5 brake fluid will prevent fade as it has a much higher boiling point than standard or older fluid.

Finally, upgraded rear brakes do help with the overall efficiency of the system. If you have old fashioned rear drum brakes why not convert them to discs? If you want to upgrade your standard rear discs go for new grooved or cross-drilled versions with a new set of pads of your choice.

Let us talk you through the options and help you make the correct choice for you and your car. We can then arrange to supply with the option of a full fitting service if required.

Also see Automec Brake Fluid on page 216.

1 BRAKE CONVERSION KITS
FROM **£544.92**

**Please call to discuss what size discs
will suit your car and alloy wheels**

HI-SPEC BRAKE CONVERSIONS

The very highest quality performance brake conversion kits available. Bigger discs, bigger calipers and much more stopping power. Kits include calipers, rotors, braided brake lines, EBC Redstuff pads, brake fluid and all fittings. Supplied with Black calipers and Silver bells as standard, other colours available on request.

Caliper Options:

BILLET 4

The most universally applicable and widely used model. It features a rigid lightweight aluminium body which is CNC machined from billet Bar. Dust seals and internal fluid transfer galleries along with the rigid design ensures that the Billet 4 is consistently suited to the weight and power of your car. Supplied as standard in Black with engraved Hi-Spec logo. Other colour options available on request.

MONSTER

CNC Machined Lightweight Aluminium Body, Four or Six Pistons (i.e. Monster 4 or Monster 6), fully dust sealed, rigid design. Internal Fluid Crossover. Hard anodised Black, other colours available on request. Larger caliper allows for bigger pad to improve braking power.

MEGA MONSTER

The most powerful in the Hi Spec range combining awesome looks and supreme power. In addition to the awe inspiring visuals it keeps all the benefits of the Hi Spec road range including six pistons, internal and external hard anodising, full dust seals and internal fluid crossover.

Please see table for available prices and applications with the various disc sizes and caliper options. It is extremely important that you check the caliper clearance on your particular vehicle before ordering. We can supply an accurate template for your car to see just how big your brakes can go.

170 2631

from £646.65

Kits include:

- Calipers • Rotors • Braided Hoses
- EBC Red Stuff pads • Brake fluid
- All fittings

1 EBC SPORT DISCS

3GD Discs with wider slot draws cool air across the pad surface keeping pads and rotors cooler. They also expel dust, dirt and hot gases better than fine slots which eventually fill with rust and scale and become ineffective. The blind drilled holes break down surface gases when braking from speed but do not weaken the rotor cross section as can happen with drilled through, thereby lessening the chance of rotors cracking over time and heavy use. Gold zinc anodised.

Brand New Ultimax Black Anodised rotors also available for a limited range of cars. Much quieter braking and feature a new special paint process to prevent corrosion. Unique Ultimax slot design.

170 2626

FROM £75.04 PAIR

2 ULTIMAX PADS

A high friction pad designed for general replacement use on cars, vans and SUV's. Using shimmed, chamfered and slotted technology and incorporating EBC's unique BRAKE-IN coating for super quick pad bed-in.

Black coded brake pads are a high friction premium material approved to ECE R90 brake safety regulations. You are getting an exact equivalent to an original equipment pad for far less money. Don't let the lower price point cloud your view of this superb quality product, these pads will stop your vehicle as fast as any original equipment pad and faster than most aftermarket pads. One brilliant feature of EBC R90 pads is their ability to completely eliminate brake judder and these pads will actually COMPENSATE for mild brake judder after 300-400 miles of use.

170 2624

FROM £8.01

3 GREENSTUFF PADS

FAST ROAD. Designed for premium street driving offering better brake effect at loads and speed. EBC Greenstuff has a high initial brake effect and gives drivers confidence from first application of the brake pedal. The EBC pad creates less dust and the dust is more easily washed off than most. For heavier faster cars and vehicles above 200bhp we strongly recommend Redstuff Pads.

170 2677

FROM £25.32

4 REDSTUFF PADS

ULTIMATE FAST ROAD. Ceramic formula. This is a truly impressive fast road pad for repeated heavy braking. It emits far less dust than semi-metallic pads and has been proven to stop a car 13 metres quicker than OEM pads from 100mph. Features EBC Brake-In™ surface coating which conditions rotor surface and accelerates pad bed-in.

170 2643

FROM £28.60

5 YELLOWSTUFF PADS

TRACKDAY & FULL RACE USE. Although a full race material and capable of high temperature use with very good wear life, this new formulation sets a new trend in race type brake pad compounds. The 'bite' from cold is superb which is uncommon with race materials (normally requiring warm-up) and makes this a pad which can be safely used on the highway as well as on the race track. This new formulation is used by numerous championship race and rally drivers and is truly a milestone in brake pad material development.

170 2644

FROM £32.15

Greenstuff

Redstuff CERAMIC

Yellowstuff 'R'

1 FROM £74.29 PAIR

BLACK DIAMOND

1 BLACK DIAMOND DISCS

Black Diamond brake discs are made to the most exacting standards using computer aided design. The unique black phosphate finish keeps the non-contact areas of the disc free from corrosion. Unique compound and extra heat treatment combine to provide you with awesome braking performance that will improve your car's stopping power.

3 types available:

DIAMOND XD – Cross drilled for extra cooling and expels heat and gases.

170 2632 from £80.90 pair

DIAMOND 12 GROOVE – Radial grooves for added friction and heat dissipation. De-glazes pads for greater response.

170 2633 from £74.29 pair

DIAMOND COMBI – 12 groove and cross-drilled for outstanding heat dissipation. Award winning disc with excellent 'pedal feel'.

170 2634 from £96.25 pair

PREDATOR BRAKE PADS (not shown)

New improved compound. For the best results from your Black Diamond discs, Predator pads provide maximum power under extreme braking conditions. Use with Black Diamond Discs for the ultimate braking combination! Please call if your car is not listed.

170 2635 from £24.17 set

2 DIAMOND BRAIDED BRAKE HOSE KITS

An excellent range of stainless steel braided brake hose kits to suit applications from Mini's right through to Impreza's.

Please call for details on your application,

170 2636 from £29.70

3 DIAMOND POWER CLUTCH

The diamond Power Clutch is designed for use in today's high performance fast road cars. The uprated design gives a 20% increase in clamping pressure over original equipment or standard replacement items. The advantages of a Diamond Power Clutch are as follows:

- Instant response
- Improved control
- Increased torque capacity
- 12 month, 12,000 mile manufacturers warranty

Note: Whilst acceptable for use on mildly modified cars, these clutches are not designed for use with highly modified engines.

Over 470 applications available, please call if your car is not listed.

154 2637 from £104.39

1 ZEROSIXTY BRAKE DISCS

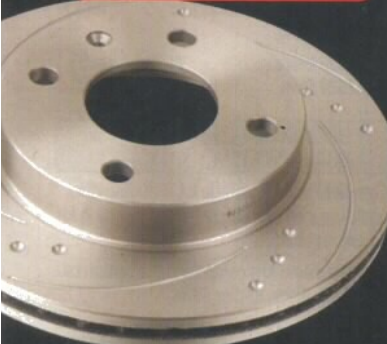

Zero Sixty performance products are designed and manufactured specifically for the Fast Road market.

Unique dimpled and grooved pattern - both for better image and for better performance. The dimples eliminate the thermal cracking that can be found in drilled discs. Benefits also include brake fade reduction and deglazing of the pads.

See table for a selection of prices and applications. Please enquire if your car is not listed. Supplied in pairs.

170 2640 from £70.50 pair

Goodridge brake line kits use the finest quality materials manufactured using a high tensile stainless steel outerbraid with a PTFE innercore. Unlike some cheaper kits, the Goodridge hoses feature plated steel fittings swaged onto the braided hoses making them totally road legal (TUV/FMVSS106).

Dramatically improves the stopping distance while giving a firmer, more responsive pedal feel. Goodridge brake lines offer confidence, performance and a lifetime guarantee. Goodridge stainless steel braided brake lines have become the standard in racing where the ultimate braking is required. As used by the World's top Rally, F1, Indy and Nascar teams.

GOODRIDGE BRAKELINE KITS Part No. 170 6111

This is a small selection of this massive range. Please enquire if your car is not listed.

1 BREMBO MAX DISCS

An exclusive design, with asymmetric grooves projecting outwards, ensures that Brembo Max discs disperse any water present in a more efficient manner, resulting in improved performance. Max discs also considerably reduce stopping distances, give an excellent resistance to fade, efficiently remove gasses between disc and pad as well as deglazing the brake pad...plus they look fantastic too!

Please state make, model and year of vehicle when ordering. Supplied in pairs.

170 2625 FROM £49.99 PER PAIR

2 SPORT DISCS & PADS

Drilled brake discs. Developed to give outstanding braking in any driving conditions. Brake pad material developed to give constant friction even in the toughest circumstances.

Please state make, model and year of vehicle when ordering.

170 2628 Discs FROM £86.61
170 2624 Pads FROM £64.61

3 BREMBO GRAN TURISMO BRAKE SYSTEM

Complete brake upgrade kit including disc, pads, uprated Brembo calipers and fitting kit where required.

Gran Turismo kits come with the option of calipers in Black, Red or Silver.

The ultimate performance stopping solution.

170 2629 FROM £826.85

→ EXHAUSTS

Free flowing full systems, Manifolds, Sport Cats & Back Boxes

Mild steel, stainless steel,
single exit, duplex, oval, round,
straight-cut, slash-cut, noisy,
mellow... a huge range of
performance exhausts that
cater for all tastes.

Increased performance from a modern engine can be achieved in a few simple steps, one of which is to improve the 'breathing'. High flow performance exhausts in effect get the exhaust gases out of the way as quickly as possible, which in turn helps the engine spin faster and produce more power. For optimum performance this will ideally be combined with an air induction.

Performance exhausts are also highly recommended on turbo cars to reduce the back pressure which can slow the turbo's compressor wheel, compromising boost pressure and increasing lag.

→ Full System **FROM £199.95**

This is the term given for a system that is supplied from the downpipe or catalytic converter (cat) to the back of the car. It can have one or two silencers in the system depending on the car.

→ Backbox **FROM £46.99**

This is simply the rear silencer that replaces the original and includes the rear tailpipe. Sometimes referred to as a Rear Can or Muffler.

Hundreds of tailpipe sizes and styles are available for all makes and models, so you can make an individual mark on your vehicle.

The work involved in fitting a Full System is often less than a Backbox as it is usually a straight replacement yet a Backbox can require the original system to be modified. For this reason it can be more economic and indeed will be more beneficial to fit a Full System where available.

Most exhausts are now manufactured using top quality Stainless Steel that is guaranteed for the life of the ownership of the vehicle. Mild Steel versions are available from some manufacturers for a more economic alternative.

Different brands offer different benefits. These range from a mellow sound through to a more sporty sound and different tailpipe designs.

→ Manifolds **FROM £298.00**

Stainless 4-branch manifolds are available for certain vehicles. Further performance gains can be made, plus the engine bay looks incredible!

→ Sports Cats & De-Cats **FROM £267.00**

We can supply performance catalytic converters that remove the naughty harmful gasses but increase the through-flow thus boosting performance. Cat replacement pipes (De-Cats) obviously get rid of the performance sapping catalytic converter but will not be accepted at MOT stations.

Let us guide you through the options and match them to your requirements.

The Tuner's Choice

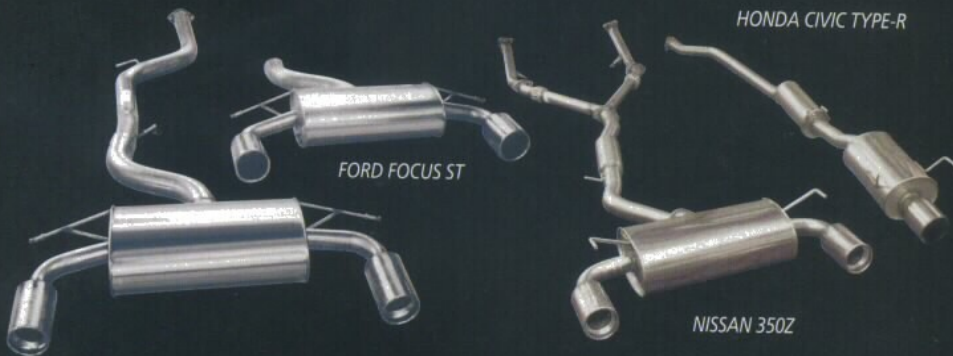

4 wheel drive rolling road. Part of the Mongoose test facility.

The only stainless steel exhausts to be designed and manufactured by a serious tuning company.

The systems are formed from 1.5mm wall T304 stainless steel tube on state of the art CNC machines. Mandrel bent (not cut and weld), the silencers are formed from polished stainless steel and packed with the highest quality materials available.

The systems are finished with a choice of highly polished tail pipes, and our own tests have shown that a Mongoose will give more power than any other aftermarket exhaust system.

REMUS
PowerSound

1 REMUS PERFORMANCE EXHAUSTS

Remus produce one of the largest ranges of sport exhausts worldwide. All exhausts are extensively rolling road dyno developed to give excellent power increases, using experience from their involvement in WRC, Touring Cars and many other forms of motorsport.

Utilising their specially designed acoustics room and computer controlled sound testing equipment, Remus sound engineer their products so that the exhaust note will be deeper and more aggressive from outside the car, but without being annoying inside.

Manufactured entirely from stainless steel, the range is offered with numerous innovative tail pipe options.

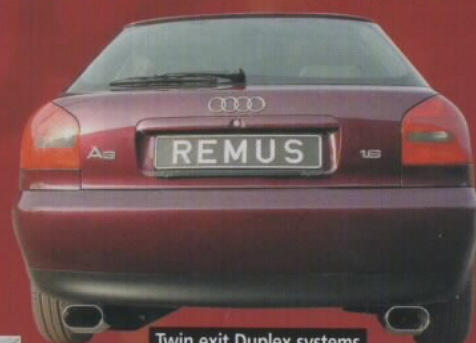

Part No. 154 6109

***LIFETIME WARRANTY! • MANUFACTURED ENTIRELY FROM HIGH QUALITY STAINLESS STEEL • FULL SYSTEMS AND BACKBOXES AVAILABLE • OPTIMUM PERFORMANCE WHILST REMAINING ROAD LEGAL • SOUND ENGINEERED – SPORTY & AGGRESSIVE REMUS OUTSIDE/ONOFFENSIVE INSIDE! • LARGE RANGE OF INNOVATIVE TAIL PIPE DESIGNS • EASY MOUNTING ON ORIGINAL MOUNTING POINTS • REDUCED FUEL CONSUMPTION • MOST MAKES AND MODELS COVERED • TUV / VDAT / ISO 9001 APPROVAL**

2 REMUS DUPLEX SYSTEMS

Turn your single exit system into a twin outlet Duplex system with tailpipes on either side of the car. Please call us for prices and availability. Also available are centre exit systems for Seat Ibiza and Fiat Punto.

154 6110 from £293.00

Twin exit Duplex systems now available for a wide range of vehicles

HOT STEEL

The SEBRING Hot Steel defines a new trend with the construction of exhaust system. It impresses at the first view with hard "streetfighter optic". Polished stainless steel, small silencer body, clear line management and a brawny tail pipe speak a clear language. Nevertheless the hot iron of SEBRING is delivered with a EEC-approval and fulfills the Road Traffic Licensing Regulations.

FEATURES

- Hot Sound
- With sound insert*
- Performance increase
- Stainless steel polished
- 3 years warranty without mile limitation
- EC approval

*Sound insert

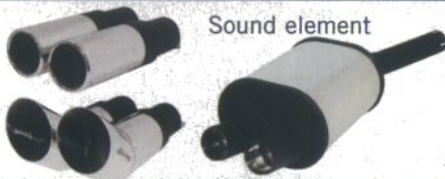

DUAL PERFORMANCE & TWISTER

TWISTER is the new high-performance silencer of SEBRING. Already the name TWISTER gives a clear hint that the actual roots of this new SEBRING creation lie in the world of racing sports. This EU certified stainless steel silencer provides a full sound and performance increases across the whole speed range. The design is very impressive due to precise workmanship.

TWISTER

Changeable tailpipes

Sound element

-RXT

More than three decades of experience including extensive motorsport involvement are a guarantee that owning a SEBRING stainless steel exhaust with chromed tail pipes goes inline with superior quality and best workmanship for extraordinary durability. SEBRING perfection means security backed by a LIFETIME GUARANTEE

Supersprint.

STAINLESS STEEL EXHAUSTS

Supersprint's excellent reputation has been enhanced year on year as their range of applications and designs have increased and their superb performance, fit and reliability has been maintained.

With an extensive range of sports exhausts made from 304 stainless steel and carrying a lifetime warranty. Each system is designed to optimise torque and power over the driving r.p.m range.

With a range of high quality racing exhausts and CAT'S that are designed to give top level performance across the rev range Supersprint's systems can increase both power and torque where its most needed. These systems are track tested and proven systems are produced to fit straight onto the car utilising the same original fixing points. Dyno results are available for most systems.

Part No. 154 6083

Supersprint

POWDER COATED EXHAUST SYSTEMS

Supersprint also produce one of the best "replacement" systems on the market. These premium quality systems are made of "stainless steel" pipes, "stainless steel" end caps, "stainless steel" internals and an "aluminiumised steel" wrap around the silencer, they are then dipped and powder coated for maximum protection. There is a three year manufacturing warranty on these systems.

Supersprint produce a wide range of fittings for most cars, these include chrome plated and stainless steel manifolds and turbo down pipes, CAT. replacements, CAT. bypass systems, replacement & racing CAT's, centre pipes with or without silencers and a wide range of rear silencers, with a multitude of tailpipe designs.

Part No. 154 6084

E-TECH EXHAUST TIPS

Polished Stainless Steel. Simply slide over the end of your standard exhaust and tighten the fixings provided (either jubilee clip, bolt or clamp). No welding required.

1 V6 OVAL

20mmx85mm Oval, 170mm length. Fits 35-68mm tube. Clamp fixing.
888 1268

£28.18

2 RS ROUND

Round design with perforated inners. 80mm diameter, 170mm length. Fits 48-65mm tube. Bolt fixing.

155 4372

£21.15

3 DTM

Upswept DTM. 70mm, 190mm length fits 36-58mm tube. 80mm, 190mm length fits 48-61mm tube.

155 4347 70mm

£21.15

155 4346 80mm

£21.15

4 COSSIE OVAL

Slash-cut oval. 120x82mm diameter, 150mm length. Available to fit exhausts 40-50mm or 50-60mm. Bolt fixing.

155 4381 40-50mm

£24.68

155 4349 50-60mm

£25.85

5 STREAMLINE

61mm or 70mm diameter, 152mm length. Fits 36-52mm tube (61mm version) or 45-67mm tube (70mm version). Rolled End. Clip fixing.

888 1269 61mm

£11.05

888 1270 70mm

£12.34

6 XSi

Fits 45-55mm tube (63.5mm version) or 50-72mm tube (76mm version). Bolt fixing.

155 4376 63.5mm

£10.58

888 1273 76mm

7 OVAL CLASSIC

94x66mm oval, 142mm length. Available to fit exhausts 40-50mm or 50-68mm. Bolt fixing.

888 1274 40-50mm

£24.68

888 1271 52-60mm

£25.85

8 EVO SQUARE

68x80mm, 150mm length fits 40-50mm tube. 73-87mm, 150mm length fits 50-58mm tube.

155 4375 40-50mm

£24.68

888 1271 50-58mm

£25.85

9 TWIN DTM

90mm diameter per tailpipe, 250mm length. Fits 48-61mm tube. Clamp fixing.

155 4380

£28.20

10 TORNADO TWIN SQUARE

60x60mm per tailpipe, 235mm length. Fits 48-58mm tube. Clamp fixing.

155 4378

£28.20

11 TORNADO TWIN ROUND

70mm diameter per tailpipe, 250mm length. Fits 48-63mm tube. Clamp fixing.

888 1275

£33.49

12 MAGNUM BIG BORE

90mm diameter, 170mm length. Fits 48-62mm tube. Clamp fixing.

155 4377

£25.85

13 MAGNUM SQUARE

90x75mm diameter, 170mm length. Fits 48-62mm tube. Clamp fixing.

155 4385

£25.85

14 DROP DOWN

Ideal for use with bodykits. 70mm diameter, 171mm length, 30mm drop. Fits 48-64mm tube. Clamp fixing.

888 1276

£17.63

15 TWIN OVAL

Twin 80x57mm. Fits 48-61mm tube. Clamp fixing.

155 4387

£33.49

16 M-TYPE OVAL

70x122mm diameter, 156mm length. Fits 50-65mm tube. Clip fixing.

155 4388

£27.03

17 DYNAMIC

Ideal for sliding over large and unusual shaped exhausts 85x120, length 150mm. Bolt fixing.

888 1273

£18.78

18 CARBON EFFECT EXHAUST SHIELD

Self-adhesive, 0.5mm thick. Can be trimmed and contoured to suit car. Two sizes available.

155 4395 200x120mm

£6.39

155 4396 200x75mm

£6.39

18 £6.39

19 HEAVY DUTY EXHAUST MOUNTS

Ideal for securing back boxes, partial or full exhaust systems and provide a variety of different mounting options. Absorbs vibration and can be trimmed or shaped.

155 4397 8mm hole-3piece kit

£8.21

155 4398 10mm hole-3piece kit

£8.21

155 4399 12mm hole-1piece kit

£5.86

19 FROM £8.21

3-PIECE KIT**1-PIECE KIT****20 6 STEP PIPE REDUCER**

Manufactured from mild steel. Easy to cut and weld. Ideal for adapting and joining different diameter pipes.

EXHAUSTS

Free flowing full custom manifold, snort, cat & back hoes

1 JETEX SPORT EXHAUSTS

jetex

1 JETEX SPORTS EXHAUSTS

Designed to give each vehicle maximum performance gain without compromising sound levels. Performance and style are key when developing new exhausts. All silencer boxes are absorption designed without power robbing baffles. Gases are allowed to flow through the system unimpeded, ensuring maximum flow rates and back pressure reduction. Silencers are sealed using high quality lockseamed joints to ensure a long life, free from cracking. High grade T300 and T400 series stainless steel are used for all stainless systems while our aluminised range uses aluminium coated mild steel. Pipework is mandrel bent which increases gas flow from front to back. There are over 15 different tailpipe styles in the Jetex range, each one chosen to compliment rather than overwhelm.

153 2216

2 CUSTOM EXHAUST RANGE

Jetex's range of custom build parts is all you need to build a performance aluminised or stainless steel exhaust system. Choose from a wide selection of parts, including straight through silencers, bends, sleeves and fittings, all suitable for road, off-road, race or rally use. Parts are available with pipe diameters of 1.750, 2.0, 2.50, 3.0 and 3.50.

154 6093 Pipework	FROM £3.60
154 6094 Silencers	FROM £26.17
154 6095 Tailpipes	FROM £30.19
154 6096 Rear Cans	FROM £64.51
154 6097 Fittings	FROM £1.60

3 JETEX SPORTS CATALYSTS

Sports catalysts and downpipes aim to push the boundaries of exhaust tuning to their maximum. Universal sports catalysts can easily be adapted to replace standard cats for road use or integrated into a custom build exhaust for off-road or race applications. Choose from 100 or 200 cell substrates, both offering far superior gas flow over standard ceramic and higher density catalysts. Pipe diameters from 1.750 to 3.0, or as unassembled parts for customer assembly.

154 6092 FROM £267.00

Direct-fit downpipes with sports cat available for: Audi A3, Seat Leon, Skoda Octavia, VW Golf Mk4 1.8T, Golf Mk5 2.0 TFSI and Subaru Impreza Turbo 1994>06. (Ref 41-T10R)

3 DIRECT FIT CAT
FROM £191.00

→ AIR FILTERS

Induction kits, performance panel filters, fittings and accessories

The first step to increase power and performance from modern engines is to help them breath more easily and then ignite the fuel as quickly and fully as possible and finally to remove the waste gases efficiently.

→ Air Intakes

Cone Filters FROM £14.00

Performance Panel Filters FROM £25.00

Induction Kits FROM £42.00

Replacing the standard air filter with either a free-flow version or, better still, an induction kit will help get the air into the engine without obstruction. Most induction kits will also create a satisfying induction noise particularly when the throttle is fully opened.

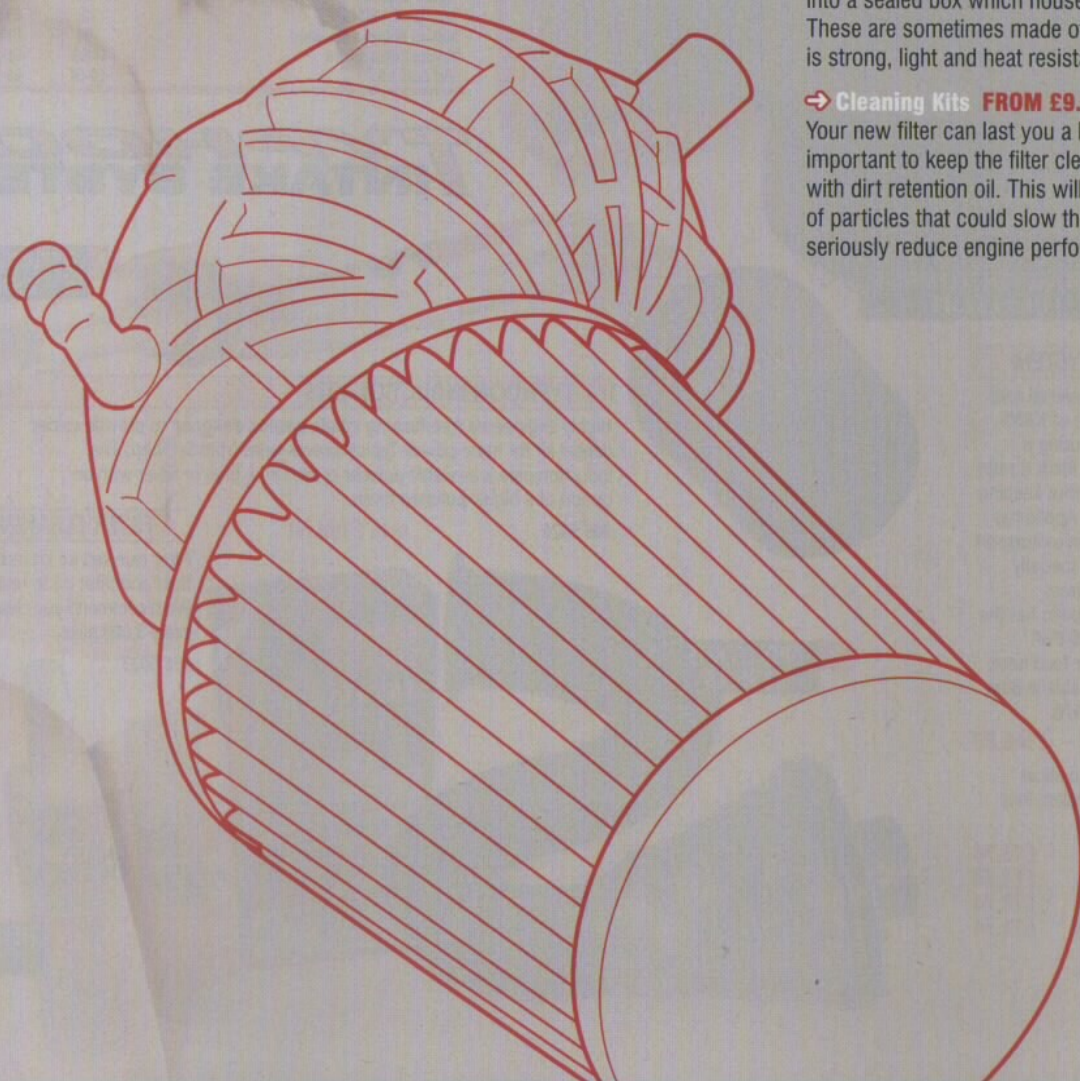

Fitting an air induction kit is quick and easy and all kits should include full instructions. The increased air flow results in an increase in power through improved combustion.

Induction kits are more expensive than basic filters but they also give better results - an induction kit may be twice as effective as a replacement air filter. They work well with other tuning items such as exhausts.

The next option is to add ducting to guide the air from the front of the car straight into the induction system. This keeps the air as cool as possible which aids combustion. Similarly, it also improves the pressure under which the air is forced in. Enclosed air induction systems include ducting into a sealed box which houses the cone filter. These are sometimes made of carbon fibre which is strong, light and heat resistant.

→ Cleaning Kits FROM £9.83

Your new filter can last you a lifetime but it is important to keep the filter clean and lubricated with dirt retention oil. This will keep the filter clear of particles that could slow the air flow and seriously reduce engine performance.

High flow and long life - with total protection guaranteed. K&N's famous track record in designing and manufacturing high quality air filters are second to none. All K&N filters are washable, provide superior filtering and give up to 40% more flow.

1 REPLACEMENT ELEMENTS

Replaces the standard paper element in your existing airbox with a free flowing long life filter - million mile on road guarantee and up to 100,000 miles between cleans. Increased power and response.

By K&N

2 TYPHOON INDUCTION KITS FROM £169.80

2 TYPHOON INDUCTION KITS

Highly engineered free-flowing intake systems designed to provide colder denser air for more power. Typical power gains from 5-15bhp! The induction pipe is available powder coated Red, Blue or Silver with an option of a highly polished finish.

306 5026

from £169.80

4 FILTER CLEANING KIT

Filter care service kit including cleaning fluid and filter oil to relubricate. We recommend you clean and re-oil every 5,000 miles.

306 5023

£10.63

3 APOLLO INTAKE SYSTEM

The Apollo is a complete universal cold air system incorporating one of K&N's cotton gauze filters. The housing is made from co-polymer and Black K resin, which avoids heat build up thus keeping the intake charge cool. The Apollo has been designed by K&N's own motorsport design team and features a specially designed shape, which increases volumetric efficiency. The Apollo has the capability to handle over 300 BHP. Comes with a 70mm cold air feed hose, and filter housings are available in Blue, Red, Black or Silver. (RC-5051A)

306 5051

£146.88

Stepped adaptor available to allow fitment to different sizes intakes. Plus Apollo mounting bracket.

306 5052 70-80mm

£11.74

306 5053 70-70mm

£11.74

306 5054 70-60mm

£11.74

306 5055 Mounting Bracket

£11.74

3 APOLLO KITS £135.13

4 FILTER CLEANING KITS £10.33

FILTERCHARGER

INJECTION PERFORMANCE KIT

- REPLACES FACTORY AIR PLenum WITH LOW RESTRICTION INTAKE SYSTEM FOR FUEL INJECTED ENGINES
- WORKS WITH ALL 6 CYLINDER AND EMISSION CONTROL SYSTEMS
- CARS EXCEPT
- QUALITY ENGINEERED & DYNO-TESTED
- DELIVERS VIRTUALLY UNRESTRICTED AIRFLOW FOR INCREASED PERFORMANCE
- CHURNED BASE AND LID FOR CUSTOM HIGH PERFORMANCE LOOK
- WASHABLE AND REUSABLE FOR A LIFETIME OF PERFORMANCE
- 1,000,000 MILE WARRANTY

57i

PERFORMANCE KIT

4 57i INDUCTION KITS

For fuel injected cars. Looks good and sounds superb. Replacing the restrictive standard air intake and airbox design with a simple, high-flow induction system unleashes your engines potential to produce more power. The unrestricted air flow increases performance, improves throttle response and gives a crisp induction roar.

306 5027 from £42.71

5 GEN2 INDUCTION KITS

The sealed air box is force fed from the front of the vehicle with cold dense air. The one piece moulded ABS plastic induction pipe ensures the air entering the engine does not increase in temperature - giving maximum possible horsepower.

Many kits available with more under development. Please enquire for further details.

306 5025 from £181.54

Vauxhall Astra 1.8 16v	98-04		

5 GEN2 KITS

FROM £181.54

1 AIR INDUCTION KITS

Tailored for each car to achieve a smooth passage for air into the engine, therefore maximising the engine's power output. Instant results with increased BHP and throttle response.

Full fitting kit supplied with every filter.

306 5030 from £45.99

2 VIPER INDUCTION KIT

The Viper uses 'velocity air force' to channel cold air directly into the induction system. The cold air pipe feeds air from the front of the car straight into the filter system, whereas most after market induction systems breathe in air from the engine bay.

A Carbon Fibre surround keeps the Viper cool and the cooler the air, the bigger the increase in power. The carbon shell also looks stunning and will enhance any engine bay.

306 5029 from £199.00

3 VELOCITY INTAKE SYSTEM

Pipercross new Velocity Intake Systems have a brand new filter with increased surface area foam and a carbon fibre duct pipe.

The filter is placed in an area of high flow volume cold air to produce maximum power with fantastic underbonnet looks.

306 5056 from £239.00

4 PK7000 UNIVERSAL KIT

Universal air induction kit. High flow filtration with spun alloy base with 88mm neck. Supplied with 4 polyurethane neck reducers (75mm, 70mm, 65mm, 60mm).

306 5032 £59.95

5 VENOM UNIVERSAL KIT

Universal sealed air feed system. Powder coated alloy heatshield. Spun alloy 150mm base with 88mm neck. Supplied with 4 polyurethane neck reducers (75mm, 70mm, 65mm, 60mm). Cost effective alternative to tailored Viper option.

306 5031 £119.95

6 REPLACEMENT PANEL FILTER

Direct replacement high performance air filter elements. Vortex designed outer surface area will absorb dirt particles whilst still allowing air to flow freely.

158 2011 £32.99

1 INDUCTION KIT FROM £45.99

159 4543 65mm

159 4544 75mm

Winning teams in Formula 1, LeMans, DTM and many others consistently choose BMC air filters demonstrating the high quality of their products. The same materials and technology are used to make sports filters for an extensive range of road cars too.

1 CDA KITS

CDA filtering systems are composed of a cylindrical carbon air box containing a washable filtering element. Substituting the original air box with our CDA ensures cold air is directly channeled through an internal airflow deflector to the filter and drawn into the engine with a very small pressure drop (patented system). The CDA system also includes a black alloy ducting (60 cm length) for connecting the system to an air intake on the front of the car. The system is available in two different dimensions: we advise Type 1 for engines up to 1,600 cc; Type 2 for bigger displacements. Every type is also available in different diameters on engine side for connections. Dyno and Datron Laser tests demonstrate the great performance of the CDA filtering system.

BMC CDA kits are available for most makes and models, please contact us if your car is not listed.

306 5034

from £153.51

2 DIA KITS

The DIA consists of a plastic airbox containing an air flow deflector and a reusable filter element. Also supplied in the universal kit there is a flexible tube to carry cool air to the Airbox inlet. A connecting tube for easier installation and two reducers that allow the most common applications (70mm, 65mm, 60mm, 85mm)

306 5041

3 PERFORMANCE REPLACEMENT AIR FILTERS

BMC technical staff have developed a particular production system based on soft rubber moulding which produces the familiar BMC red filters. They are made in one single piece with no welded joints in the corners, thus reducing the risk of breaking. This system, called "Full Moulding" comes from R&D in F1 and it is significant of BMC air filters' technical and quality specifics.

The elastomer used to produce the intake is especially heat-and-shock resistant. It can't be distorted by temperature. The special mesh used for the filtering element enables us to produce air filters for applications up to 700 Hp (NOS or Turbo) without having deforming problems in the filter. Several official Teams in races like 24 Hours Le Mans and Porsche GT3 Cup fit conical BMC air filters.

Pescarolo Le Mans

GREEN

COTTON AIR FILTER

Mitsubishi EVO WRC

Why Choose a Green Cotton Air Filter?

- Leading air filter supplier to the motor sport industry.
- Deep pleats in the cotton filter increase surface area by up to 20% allowing greater air flow.
- Precision production techniques virtually eliminate rubber seepage on to the filter surface.
- Maximises air flow into the engine thus increasing horse power, throttle response and torque.
- Environmentally friendly, produced from a natural renewable resource which is washable, reusable and creates less waste than paper and foam filters.

Performance Replacement Filters

1

Performance Induction Kits

2

1 Performance Replacement Filters

These filters simply replace your existing standard paper filter (element) and offer reduced restriction of the air intake system. 100,000 mile guarantee Easy to install. Ensures maximum airflow through original air box.

159 4553

2 Single Cone Induction Kits

Simply remove the original restricted air box and replace it with an induction kit. All Green Induction kits are supplied with the necessary fittings and are a straight-forward DIY installation. See table for applications and prices. Please contact us if your vehicle is not listed.

159 4555

3 Dynatwist Induction Kits

This sealed induction system improves air flow and air density which increases the volume of air drawn into the cylinders. Each dynatwist system is tailor-made for each model and offers all the benefits of a sealed induction system. Cold air tubing is supplied with each kit so as much cold air can be channelled into the sealed chamber. The twisted filter top and heat shield combine together so that as much cool air is delivered to the engine as possible.

159 4573

4 Universal Cone Filters

Green Cotton Air Filters have probably the largest range of universal filters available and produce a size and style to suit most requirements. All the filters have a massive filtration capacity and will catch and hold large amounts of dust, dirt and moisture without restricting the air flow. See chart for sizes, if your size is not listed please ask.

159 4968

5 Dynamic Powerflow Induction Kits

These New Dynamic Powerflow Induction kit systems are the ultimate combination of engine bay styling with genuine performance gains. Improved air flow that helps increase torque and horse power. Specially designed for right hand drive UK spec vehicles. Perfect fit with detailed fitting instructions.

159 4556

6 Storm Filters

The Ultimate universal enclosed filter with variable inlet sizes 65, 70, 75, 80, 85mm diameters. The conical shape filter with deep pleats increases the surface area and sits securely inside the heat resistant polymer shield which not only keeps the air cool, it also creates a vortex to maximise the air flow through the filter. Up to 160BHP.

159 4615

7 Nano Storm Filters

Similar to the Storm Filter the Nano Storm with variable inlet size 65, 70, 75mm diameters. Using the same vortex and cold air design this filter is ideal for applications where a small high flow sealed induction filter is required. Up to 100 BHP.

159 4616

8 Twister Filters

A revolutionary filter with an integrated heat shield which helps to funnel as much air into the filter as possible. Creates a vortex to maximise the air flow through the filter, it also acts as a shield to protect it from engine bay heat. Available in 5 different inlet hole diameters: with a choice of 5 different shield covers: silver, red or blue anodised aluminium, real carbon fibre or clear acrylic.

159 4562

9 Filter Cleaning

We strongly recommend you clean and re-oil your filter every 5,000 miles. Regular care and cleaning will result in better air flow for your engine.

The No.1 Motorsport Air Filter in the World!

French Impreza WRC

Rubber seepage on to the filter surface is a big issue as it creates a barrier and reduces the air flow into the engine. Check out some of our competitors filters. Then check out the precision of the Green Cotton Air Filters and then you will understand why we are No.1 in the business!

Dynatwist Induction Kits

- Sealed induction system
- All fixings supplied
- Revolutionary filter concept

5 TOP HAT ADAPTORS

These adaptors can be used to bolt directly to the air inlet opening and provide a strong and secure mounting point for the cone filter of your choice.

Ask for details of a model that will be correct for your vehicle.

Part No. 159 4565

6 ALLOY COLD AIR FUNNELS

- Available in 4 different sizes and 3 colours Silver, Blue and Red
- Designed to be mounted externally on the vehicle, either in the bumper, lower front valance or the side wings of the vehicle
- The idea is to attach flexi ducting to the back of the funnel and direct cold air to where it is required
- 46mm, 66mm, 76mm or 96mm base diameter

Part No. 159 4567

£12.99

7 COLD AIR DUCTING KIT

Each kit consists of a length of ducting (extends to 1m), 2 Silver cold air funnels, 2 Fixing clips and 2 Cable ties.

The ducting can be positioned in the engine bay so that it draws as much cold air up from the front of the vehicle and directed to where it is needed: to the air filter, to the engine air inlet, to the braking system.

9 STEEL SLEEVES

Ideal for connecting hoses and filters to construct induction systems.

Part No. 159 4630

Other sizes available please ask for details.

10 UNIBRACKET

Stainless Steel Bracket 300mm x 22mm.

159 4637 £2.99

11 HEAT SHIELD

Manufactured from T304 stainless steel. These universal flexible heat shields are designed to fit around most cone shaped filters. The purpose is to deflect hot air from being sucked into your engine. The shields help to reflect the heat and allows cool air to pass under it through the filter. Simple to fit with no drilling required.

Stop at nothing!
in the pursuit of performance

Maxogen airflow systems (with TriFoam™ technology filters) are revolutionary kits that can deliver as much as 9% more effective peak power at the wheels – and in some cases, at 500rpm less revs in doing so.

Each kit is tested on the rolling road to fully enhance it's capabilities for that particular car. This means we are able to offer power and torque graphs for each kit we supply.

All kits come with a carbon fibre housing, or New Alu housing where stated. Special radiused induction trumpet designed to effectively recover air pressure from air velocity.

Silicon hoses are designed and made for each specific application, and all aluminium parts are anodised to fully enhance the appearance and durability of each kit.

Maxogen®
Airflow Systems

These amazing kits perform better than paper filters, and are great value for money

TECHNOLOGY
FOR BETTER PERFORMANCE

Profilter

Direct replacement Panel filters

Over the years, ITG have created the lightest, most capable filters for all fields of motorsport – from Formula 1, to the World Rally Championship.

The same design skills, advanced TriFoam™ technology and attention to detail are also used to produce the Profilter range of high grade replacement filters for both road and competition use.

With such a pedigree, you can be sure of a quality product with superior performance, and a highly competitive price.

2 PERFORMANCE FILTERS

jetex

4 CARBON RANGE

1 JETEX INDUCTION KITS

3 UNIVERSAL CONES

1 JETEX DIRECT AIR INDUCTION KITS

Allows faster intake of air. Unleashes a sporty induction sound. Superb air-flow and filtration. Extensive range available. See table for example applications and prices.

306 5028 from £53

2 PERFORMANCE AIR FILTERS

Hi-flow cotton-gauze filters. Pre-oiled ready to fit. Superior air filtration over standard paper filters. Excellent dust retention maintains filter performance.

Available for all makes and models of vehicle, please call for details.

158 2008 from £25

3 UNIVERSAL CONES

An economical solution for maximum performance gains. Suitable for a wide range of engines up to 800hp. Will fit flow meters or piping up to 155mm!

306 5043 from £14

4 CARBON RANGE

Technologically advanced filter system comprising of a lightweight carbon air box surrounding a Jetex streamlined cone filter. Specially designed to keep the charge cool, aiding combustion and translating into more engine power. 7 units are available to cater for engine to 200hp or 300hp. Each system is supplied with a real carbon box, cone filter and all necessary adaptors to fit 70mm or 85mm pipework.

306 5063 from £139

5 RAPID TDI TUNING MODULES

Gain up to 25% torque/bhp. Optimise engine performance. In most cases, simply plug in the tuning module! Each module supplied with an on/off switch. No engine modification necessary.

306 5044 from £325

→ TUNING & TURBO

Boost your power and performance with plugs, leads, cams or dump valve

Once you have fitted your free-flowing exhaust and air induction kit, the next step is boost power with a bigger spark and high lift performance cam shafts. If you have a turbo, then we can help it perform to its full potential.

→ Ignition

Leads FROM £12.10 set

Plugs FROM £6.87 each

High quality ignition leads combined with the very best spark plugs will ensure the maximum explosion in the combustion chambers and therefore create 'more power'. The exhaust gases need to get out of the way as quickly as possible therefore a new free-flow sports system will be necessary to take full advantage of potential increases in power.

→ Cam Shafts FROM £216.20 kit

If more power is required then the 'profile' of the engine can be changed. This increase in power is usually obtained at higher 'revs'. A new camshaft will change the profile and give higher BHP at higher revs.

→ Turbos

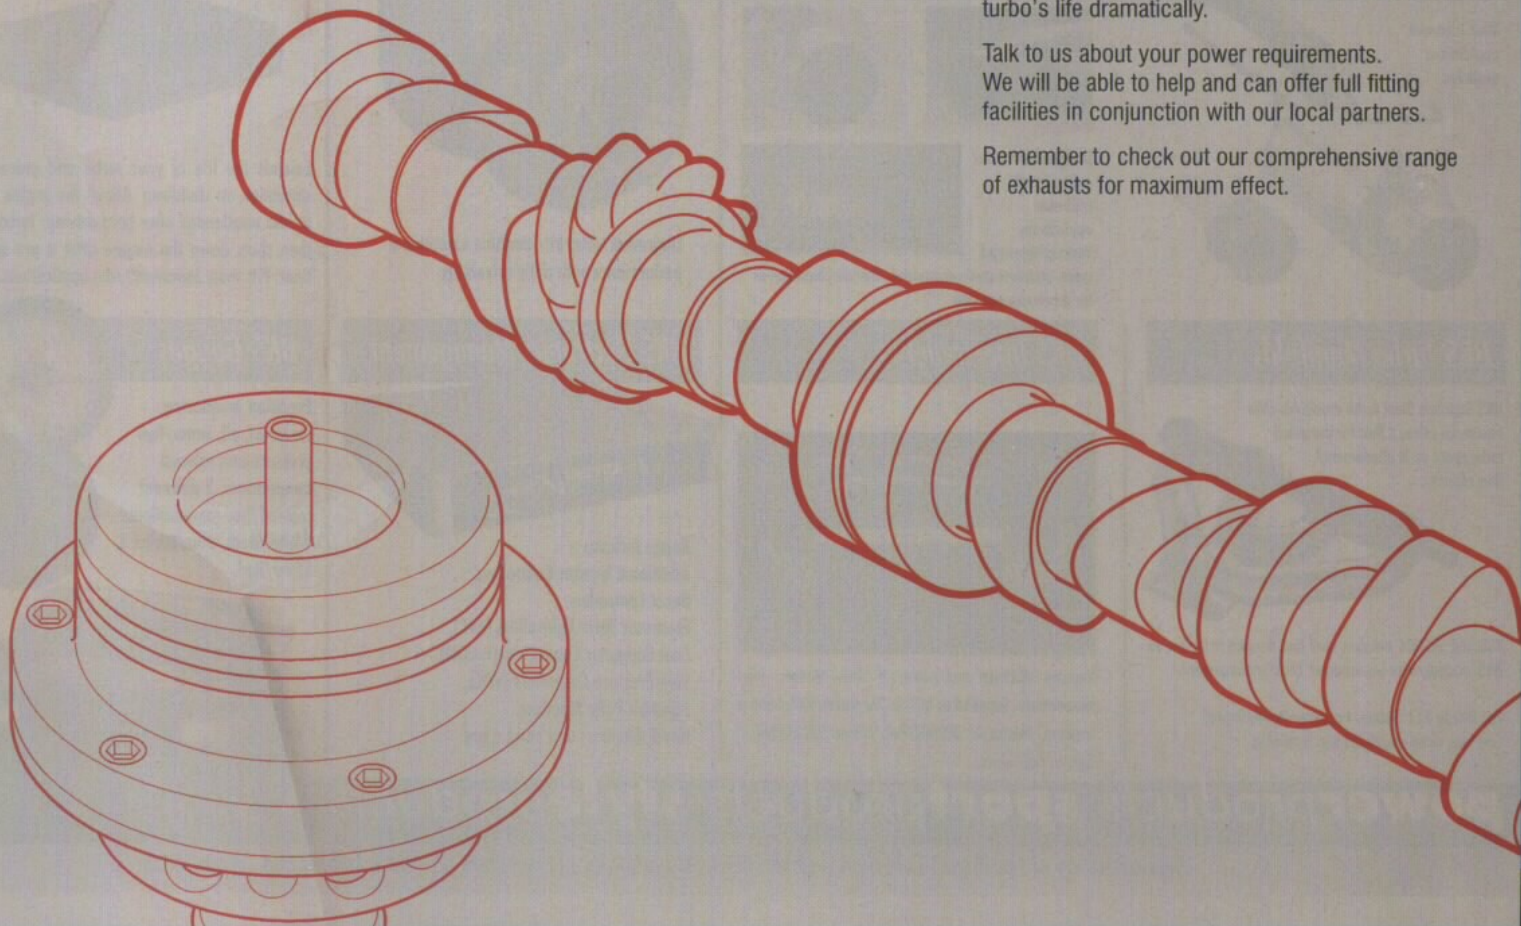

Dump Valve Kits FROM £85.87

Ball Bearing Turbos FROM £1509.00

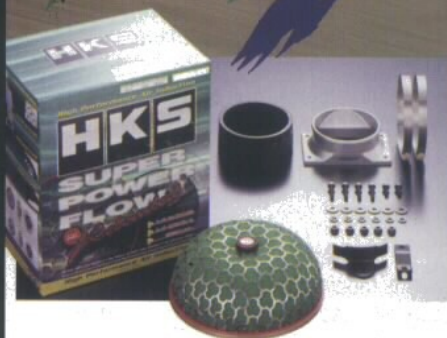

For cars fitted with a turbo we can offer a 'dump' valve to get unwanted gases out of the way, as quickly as possible. Also for cars with diesel engines we can offer special upgrades depending on the exact make and model of car. We can also offer upgraded ball bearing turbos and intercoolers, silicone hoses, boost control kits, wastegates and turbo boost gauges to keep you in full control. A turbo timer will also keep the turbo spinning after being driven hard in order to cool it down and circulate the lubricant, prolonging your turbo's life dramatically.

Talk to us about your power requirements. We will be able to help and can offer full fitting facilities in conjunction with our local partners.

Remember to check out our comprehensive range of exhausts for maximum effect.

HKS

HKS Super Mega Flow

Engineered to dramatically reduce inlet restrictions. A typical performance air filter uses a bigger funnel to give better airflow. HKS then tune this further using air flow

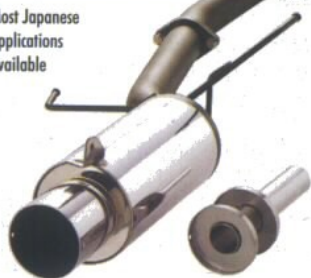

dynamics to create a swirl pattern which draws air through the system making for better engine response, more power and better fuel economy. For Honda Civic/CRX/Prelude, Mazda MX5/RX7, Mitsubishi Evo, Nissan 240SX, 300ZX, Subaru Impreza, Toyota MR2/Supra, plus BMW and VAG applications.

HKS Hybrid Filters

Direct replacement for OE panel filters. Feature same 2-layer wet-type, polyurethane material as in Super Mega Flow. Filter element is bonded to a flexible nylon frame and offers a price-friendly performance alternative to a full intake system. For Honda Civic/CRV, Lexus GS300, GS400/IS250/IS350/SC300, Mazda 323/MX5/RX7, Mitsubishi Evo, Nissan 200SX/240SX/300ZX, Subaru Impreza, Toyota Camry/Celica/MR2 plus 4x4 and VAG applications.

HKS Exhausts

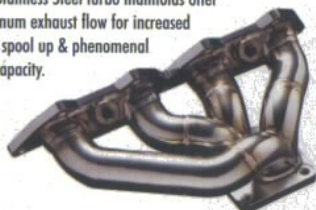

Most Japanese applications available

Designed for turbo and normally aspirated applications. Various styles and types. Stainless steel construction. Mandrel bent curves for maximum gas flow.

HKS Turbo Manifolds

HKS Stainless Steel turbo manifolds offer maximum exhaust flow for increased turbo spool up & phenomenal flow capacity.

Polished SUS304 stainless steel and flanged to mount on HKS wastegate for unsurpassed boost management.

For Mazda RX7, Subaru Impreza, Toyota Supra. Cast iron turbo manifolds also available.

HKS Intercoolers

Improve efficiency and power of turbo. Reduces inlet temperature. Supplied as full kit. For Mazda RX7, Subaru Impreza, Mitsubishi 3000GT/Evo, Nissan 280ZX/300ZX, Toyota MR2/Supra.

HKS Dump Valves

Prevents compressor surge. Compressor surge decreases the spool of a turbo and can cause damage. HKS Dump Valves vent the excess pressure when a throttle plate closes, thus improving spool-up & longevity.

HKS Super SQV (Super Sequential Blow Off Valve) uses a unique sequential valve structure and a differential pressure control system, which allows for a broad operation range from low boost to high boost. Silver triple-fin discharge design produces a powerful blow-off sound. Additional triple-fin inserts are available in gold (high frequency sound) and in purple (lower frequency sound).

HKS Turbo Kits

Upgraded turbo kits combine exceptional performance with daily drivability

HKS Turbo Timers

Extends the life of your turbo and prevents starvation on shutdown. Allows the engine to idle unattended after hard driving. Turbo then shuts down the engine after a pre-set time. Fits most Japanese turbo applications.

HKS Electronics Management

Range includes:-
Additional Injector Controllers,
Boost Controllers,
Electronic Valve Controllers (EVC),
Fuel Computer Controllers (F-CON),
Vein Pressure Converters (VPC),
Injection Pulse Monitors,
Knock Monitors and much more.

HKS Gauges

Precision monitoring for boost, oil, water, fuel pressure and exhaust temperature. 3 different colored face combinations: White/Black, Blue/White, & Silver/Red.

NOTE: This is a very small selection of the range. Just about every Diesel engine can be catered for by Dragon Performance. Please call!

1 DRAGON TUNING MODULE

More Power, Fun & MPG for Diesel engines!

This is a must have upgrade for all diesel drivers to add power, torque and actually improve economy!

Fitting is incredibly quick and simple - virtually plug & play installation.

You can even take it off when you change cars, let us know your new model and we can supply a new profile for your module!

Up to 30% more power and torque from your engine. Smoother, quieter and no flat spots

or lack of pick up from lower engine speeds. Up to 10% less fuel used.

Choose your performance profile: Performance, Economy or Power &

Economy. We can even tailor a profile to your specific needs if required (i.e. low torque for towing).

We are so confident that you will feel the difference that we offer a 30 day money back guarantee.

See table for examples of power and torque gains for some popular vehicles. vast majority of makes and models available, please call us to confirm your requirements.

306 5064

£399.95

2 REMOTE CONTROL ADD-ON

Comprises of a replacement connection lead, and a wireless keyfob device. The lead attaches to the engine in place of the

standard lead, the keyfob device attaches to your keyring.

The keyfob can be used to turn the system on or off remotely as you require. Only permitted users can utilise the extra power.

Immediately switch between the standard car performance or the modified performance

The lead can be purchased with a new unit, or can be added on as an aftermarket accessory. If you have any questions regards compatibility and use please feel free to call us.

TUNING & TURBO

SPRINT
BOOSTER
 POWER CONVERTER

Only
£194.95

Do you want responsive acceleration,
 quicker gear changes, to overtake with ease?
 We have the answer.... Sprint Booster Power Converter

"The Sprint Booster will be the smartest gadget you will fit to your car".

Sprint Booster

Is a device that improves acceleration on drive-by-wire cars by continuously measuring and converting the digital signal providing the ECM (Electronic Control Module) with a new and altered signal.

Benefits

- At low revs, the engine responds at approximately half the time in comparison to before.
- The delay time whilst accelerating in 3rd and 4th gear and the engine in the mid-range, is almost zero.
- Big differences in the higher rev range.
- Improved response for downshifts and safer overtaking.
- Overall safety and more fun on the road!

It can either be installed by you - using the step-by-step instructions - or at any authorized dealer in less than 10 minutes.

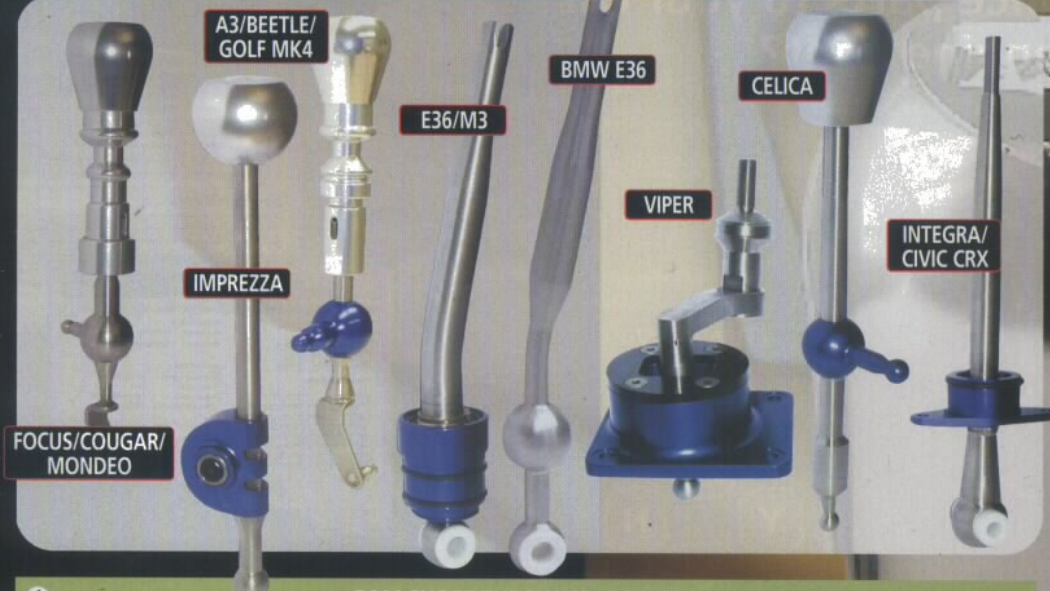

Available For:

Alfa, Audi, BMW, Citroen, Mercedes, Peugeot, Renault, Seat, Skoda, Vauxhall, VW and many more.

306 5065 £194.95

Sprint Booster does not affect your insurance or MOT certification

+ includes gear knob, # petrol models only, ++ short shifting system, not replacement shifter

1 B&M SHORT SHIFT LEVERS

- Engineered to substantially shorten shifter throw
- Racing quick-shift performance
- Simple DIY installation with full instructions
- CNC machined from 303 Stainless Steel & 6061-T6 Aluminium
- Backed by a limited lifetime warranty

B&M short shift levers give you quicker, more precise gear shifts and make your vehicle more fun to drive. These beautifully engineered items are simple bolt-in replacements - the only tools required are simple hand tools. B&M shifters are supplied with an attractive machined stainless knob where marked(*). All shifter shafts are threaded to accept most factory or aftermarket gear knobs. Suitable for lift-up reverse applications as well. B&M also offer you a lifetime warranty. If performance means everything to you, let B&M give you the edge. Optional B&M gear knobs available, see table for details, including Button Gear Knobs (ideal for nitrous installing).

177 5421

FROM £39.09

2 BILLET BUTTON GEAR KNOB

Cylindrical billet aluminium gear knob suitable for all B&M shifters. Includes a button to operate any electrical systems such as nitrous or roll control. Available in Silver or Red.

Aluminium Radiators

Direct replacement aluminium radiators manufactured in house from the raw materials to the finished product. All radiators manufactured to the same specification whether road or race application. So not only does your radiator look fantastic but it also gives you the ultimate in cooling and performance.

There is a huge range of Intercoolers, Charge Coolers and Radiators available from Pace Products. Please call us for your requirements.

Intercooler kits

Front Mounted intercooler kits available for most makes and models. Lowers and stabilises air intake temperatures to give increased performance. Supplied complete with **all** adaptors, aluminium pipework and silicon hoses. Easy fitment and all test from 30-50psi.

1 EXHAUST INSULATING WRAP

Create more horsepower and reduce temperatures under the bonnet. Wrapping headers maintains hotter exhaust gases that exit the system faster. Increased exhaust scavenging, as well as lower intake temperatures. Withstands continuous heat up to 2000F. Contains no asbestos. Controls heat build-up and dissipation. Available in Natural or Graphite Black colours, 1" or 2" wide.

	Natural	Graphite
175 3550 1" x 15ft	£11.70	£12.82
175 3551 2" x 15ft	£18.99	£20.36
175 3552 1" x 50ft	£38.03	£42.21
175 3553 2" x 50ft	£63.34	£67.54

2 GEN II COPPER EXHAUST WRAP

Copper Header Wrap improves heat resistance up to 30% more than current insulating technology. 1" or 2" wide. Add the spray on Hi-Heat Copper Coating to improve performance even further.

175 3554 1" x 50ft	£41.83
175 3555 2" x 50ft	£69.68
175 3568 Hi-Heat Coating	£16.47

3 SNAP STRAPS

Stainless Steel straps to secure the exhaust wrap.

175 3574 9" Long (12pack)	£35.97
175 3575 18" Long (6pack)	£23.56
175 3576 V8 Kit (9"x8, 18"x4)	£39.67
175 3577 V6 Kit (9"x6, 18"x4)	£33.63

4 HIGH-VELOCITY EXHAUST JACKETS

An innovative way to insulate and block radiant heat. Covers tubes vertically allowing a consistent fit and the exhaust system can expand without restriction at operating temperature. Provides air space for added insulation. Can with fitted without removing manifold.

175 3557 4-cyl Kit	£102.59
175 3558 8-cyl Kit	£134.06

5 CLAMP-ON HEAT SHIELD

Flexible shield blocks more than 90% of damaging radiant heat from the exhaust. High-tech composite construction. Complete with all clamps. Fits in minutes.

175 3559 1ft Kit	£29.08
175 3560 2ft Kit	£44.19
175 3561 3ft Kit	£59.35

6 HEADER MANIFOLD BLANKET

Excellent heat retention for headers and manifolds. Flexible heat shield simply clips into place. The fabric side of the material faces the heat source, aluminised side faces away. Available in 2 different kit:

Two 20"x24" blankets for V6 and V8 applications or a 36"x40" blanket for straight 6 and 4 cylinder engines.

175 3562 V6 & V8 Kit	£120.66
175 3563 4cyl & straight 6 Kit	£113.44

7 TURBO INSULATING KIT

Improve performance. Universal kit will keep the turbo spooled up and virtually eliminates turbo lag. The custom cut-to-fit kit comes with ample material for all turbo sizes.

175 3564 4cyl Kit	£135.59
175 3565 6/8cyl Kit	£158.39

8 HI-HEAT COATING

Use to finish off a clean and well-protected exhaust wrap. Metallic-based coating will protect the wrap from abrasion and harmful liquid. Extra resins and binders toughen the surface and help extend the life of the wrap. Choice of 3 colours. 11oz.

175 3566 Black	£13.57
175 3567 Aluminium	£14.10
175 3568 Copper	£16.47

9 SUPER SONIC MAT

Thermo-Tec's new line of acoustic control products is designed to reduce road noise and produce better quality sound. 2mm thick with high temperature adhesive backing. Cut to fit, peel away backing, press in place and enjoy improved sound. Three sizes available.

175 3578 12x12" 2 Pack	£19.98
175 3569 36x24"	£37.58
175 3570 36x60"	£78.35

10 THE SUPPRESSOR

Ideal where both sound and radiant heat control is required.

175 3571 12x12" 2 Pack	£18.55
175 3572 36x24"	£36.27
175 3573 36x60"	£72.24

DENSO

THE NEXT GENERATION HIGH PERFORMANCE SPARK PLUGS

IRIDIUM POWER

1 DENSO IRIIDIUM SPARK PLUGS

The absolute cutting-edge. Iridium Power spark plugs have a unique electrode of 0.4mm which provides a stronger spark even at a lower voltage. This ensures the highest acceleration. Iridium is a precious metal that is used in the space industry. It is harder and more heat resistant than any other metal. An Iridium Power spark plug has a longer life. Due to better combustion your engine needs less fuel to give a better performance like faster acceleration.

Supplied in sets of 4 only. Please state make, model and year of vehicle when ordering.

In general the Kits contain cam, followers, valve springs, timing disc and lube.

Massive range of kits available for road, race and rally applications.

1 PIPER CAMSHAFTS & KITS

A Piper performance camshaft kit will typically contain:

- Piper Performance camshaft.
- Set of cam followers/hydraulic lifters.
- Set of valve springs to suit cam profile.
- Bottle of cam lube.
- Camshaft driving disc.
- Plus any other essential parts for that particular application.

Engine modification may be needed when fitting these performance camshafts, please check when installing.

Massive range of cams and cam kits available. Please enquire for full details.

175 2001

1 CAM KITS FROM £143.35

2 PIPER LIGHTWEIGHT VERNIER PULLEYS

Anodised aluminium pulleys. Ultra lightweight performance wheels. Wide range of applications available.

175 2003

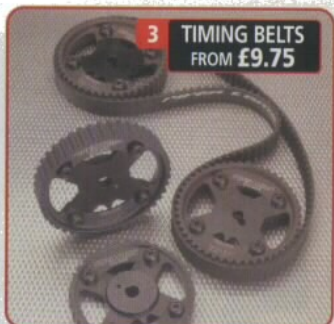

FROM £96.89

3 PIPER CAM TIMING BELTS

A timing belt failure can destroy an engine in a fraction of a second. With a tuned engine the timing belt is even more important. These Piper timing belts are manufactured to the highest standard to offer the ultimate PERFORMANCE tuning parts. Massive range available. Please state make, model and year of vehicle when ordering.

TECHNICALLY ADVANCED IGNITION LEADS

MagneCor ignition leads have a race proven background, continually crossing the finishing line 1st all over the world. These leads are designed as direct replacements for OE leads to overcome problems associated with limited life carbon conductors and poorly suppressed aftermarket spiral conductor leads.

MagneCor ignition leads are available for almost every domestic and import engine ever made or modified, plus they also offer a custom service for specialist needs such as racing, vintage, imports, restorations and industrial applications. Contact Carnoisseeur for a MagneCor ordering guide.

1 8mm ELECTROSPORTS 80 CABLE

Performance upgrade for road vehicles. Designed to improve original ignition system performance on road vehicles using either electronic engine management systems or carburetors. Ideal for LPG gas conversion engines. Excellent RFI and EMI suppression. Flexible high-strength all silicone construction will allow cable to fit into original 7mm lead holders. Please state make, model and year of vehicle when ordering. See table for applications and prices.

177 5352

from £25.73 set

1 ELECTROSPORTS 80 CABLE

2 8.5mm KV85 COMPETITION CABLE

Primarily designed for racing engines using racing ignitions, turbocharging and super-charging. Entire jacket made from aerospace extreme heat-resistant silicone rubber. Exclusive MagneCor 2.5mm Metallic Inductance Suppressed Conductor will suppress EMI indefinitely, allowing this cable to be used on road vehicles with any ignition. Can be fitted into most original lead holders. Please state make, model and year of vehicle when ordering. See table for applications and prices.

SplitFire®

THE PATENTED PERFORMANCE SPARK PLUG

3 SPLITFIRE TWIN CORE IGNITION LEAD SET

- Fibreglass Braided Inner Jacket
- 100% Silicon Outer Jacket
- Kevlar Reinforced Spiral Core
- Improves performance at any RPM
- Less Fuel Consumption
- Up to 15 times the ignition power of OE wires
- Twice the ignition power of most other Performance leads
- Limited Lifetime Warranty

177 5365 (set)

FROM £12.10

Please note that this is only a very small selection of SplitFire Ignition Leads available. Please enquire if your car is not listed.
* Distributorless ignition system

SplitFire®

THE PATENTED PERFORMANCE SPARK PLUG

1 SPLITFIRE SPARK PLUGS

SplitFire's open split on the ground electrode better exposes the spark to the incoming air/fuel mixture even if the spark occurs on the backside of the electrode. Further, the resulting flame kernel is not blocked by the ground electrode as in other plugs. The flame kernel not only travels sideways, but can also travel upwards through the v-notch into the combustion chamber. This allows for a larger and quicker flame development. Improved combustion of the air/fuel mixture as seen in better power, mileage and reduced emissions.

177 5367 (each) £6.87

2 SPLITFIRE TRIPLE PLATINUM

SplitFire is the only spark plug with 3 points of platinum, this virtually eliminates electrode wear to greatly extend SplitFire3 plug performance and life. As with the standard SplitFire plug the patented "V" groove ensures a more complete combustion of the fuel charge in the cylinder. More fuel is turned into power and not wasted in partially burned, emission causing exhaust.

177 5379 (each) £10.52

3 DIRECT IGNITION SYSTEM (DIS)

This system replaces the original equipment coil pack and ignition wires with a direct ignition coil on plug system. The increased ignition performance is a must for all racing and performance enthusiasts with a Nissan SR20-DET powerplant.

Designed to provide a constant, stable voltage and will decrease ignition voltage loss at high RPM levels.

Increases horsepower at the top end of the RPM band. Ensures and maintains maximum energy supplied to the spark plugs. Reduces incomplete combustion caused by misfire. Eliminates RFI (radio frequency interference) by eliminating the need for a wire set. Easy installation.

177 5368 FROM £452.38

4 SPLITFIRE D-SPARK

Very easy to fit grounding system that removes all reverse induced current from any ignition system. Available for both Direct Ignition coil packs and conventional ignition leads, D-Spark can improve the performance of any engine.

Enhances perfect combustion, and improves MPG. Increases power at all RPM. Increases engine torque at low and medium speed range, and improves revs drop down during gear changes. Improves the acceleration response. Enables smoother engine starting, and stabilizes revs during idling.

177 5369 4cyl with Plug Leads £48.32
177 5370 3cyl with DI £44.86
177 5371 4cyl with DI £48.32
177 5372 6cyl with DI £65.57
177 5373 Boxer 4cyl with DI £48.32

LIMITED LIFETIME PERFORMANCE REPLACEMENT WARRANTY

Only SplitFire® offers a limited lifetime performance warranty. Should a Triple Platinum plug or Twin Core lead ever fail, SplitFire will replace it with a new one absolutely FREE.

2 SPLITFIRE TRIPLE PLATINUM £10.52 EACH

4 D-SPARK FROM £44.86

5 SPLITFIRE SPORT SPRING ADJUSTERS

Increased road performance. Improves cornering. Helps prevent tyres touching inner wheel arches. Helps eliminate C.D. track jumping. Front and rear applications. Fits all vehicles with coil springs. Special materials used with own damping function. Also suitable for cars driving under heavy load. Supplied in pairs.

177 5366 (pair) £23.99

6 CERAMIC POWER BOOSTER

Reduces engine wear, friction, oxidation and corrosion so you will see improved cold starting along with increased engine power and reduced fuel consumption. 300ml.

263 5732 £23.17

5 £23.99 PAIR

6 £23.17

1 TURBO DUMP VALVE KITS FROM £88.20

DUMP VALVE FITTING KITS AVAILABLE FOR SPECIFIC VEHICLES OR UNIVERSAL FIT FROM £18.51

'GROUP A' DUMP VALVE

'STANDARD' DUMP VALVE

1 TURBO DUMP VALVE KITS

Complete kit with all fittings and instructions to successfully install a LMA Piston Dump Valve on your turbo vehicle.

Releases back pressure of turbo to give:

- Increased throttle response therefore increased performance.
- Reduced heat build-up
- Reduced wear and tear on the turbo
- Plus an all-important dynamic Whoosh!

Suitable for all petrol turbo vehicles.

The specified valve should be used for each application to obtain optimum performance. Kits listed contain dump valve, T-piece and braided stainless steel vacuum hose ready to fit. See table for applications and prices. Please state make, model and year of vehicle when ordering.

176 2000

2 FROM £97.64

All types of Dump Valve available separately. Fitting Kits also available without Dump Valve. Please enquire for details

2 DUMP VALVE & T-PIECE

Dump valve ready attached to a polished T-Piece as one unit. Various dump valve options available with 50mm T-Piece. GP 'A' Valves for cars running boost pressure over 12psi.

- Single Piston Dump Valve
- 176 2096 50mm T-Piece £97.64
- Twin Piston Dump Valve
- 176 2098 50mm T-Piece £97.64
- Up-rated Twin Piston Dump Valve
- 176 2100 50mm T-Piece £105.64
- GP 'A' Twin Piston Dump Valve
- 176 2101 50mm T-Piece £117.39

3 IN-CAR BOOST CONTROL KIT

Kit complete with 3.5 metre stainless tubing and in-dash control. Supplied in polished Silver finish.

- 176 2008 £43.76

4 'BRASS MONKEY' BLEED VALVES

2 or 3-way bleed valve. Economical under bonnet adjustable boost control kit.

- 176 2023 2-Way £17.77
- 176 2022 3-Way £19.21

1 ALLOY INTERCOOLERS

Forge intercoolers are manufactured in-house to the highest standards utilising the best quality air cores available. Each intercooler is hand built and under goes testing to ensure they perform to exact specifications.

All offer welded mounting fixtures and high flow end tanks. The universal models have variety of 2" inlet/outlet configurations to suit your particular installation requirements. If your car is not listed and the universal models do not suit your requirements please contact us for a quote on a customised design to your exact specification.

2 ALLOY TANKS

Designed as direct replacements for the original parts. High quality, high performance polished alloy tanks including header expansion tanks, power steering tanks, swirl pots, oil separator tanks and even a fuel tank for the Lotus

Elis/Exige,

176 2075

from £78.96

3 ACTUATORS

Manufactured from Billet aluminium, the Forge adjustable actuator is a two part assembly that will allow servicing and maintenance. It also allows for rod adjustment to suit the customers individual application.

Actuators are supplied with stainless steel turnbuckles. All components are guaranteed for life.

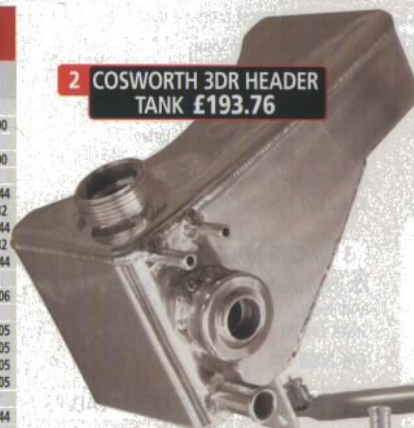

Available with a choice of spring: 5-10psi, 9-15psi, 14-18psi, 17.5-20psi.

See table for price applications and part numbers. Please enquire for your requirements.

FORGE DUMP VALVES

There are three types of dump valve, sometimes referred to as a Blow-Off Valve (BOV), available. All three serve the same purpose of releasing built-up boost pressure from the turbo. This allows the turbo to keep spinning when you let off the throttle and therefore improve response and extend the life of the turbo.

ATMOSPHERIC - SINGLE PISTON/DIAPHRAGM

Dumps the built-up pressure into the air and creates the famous racing car 'whoosh' noise. Single piston valves are for petrol turbo cars without an Air Flow Meter.

ATMOSPHERIC - TWIN PISTON

Suitable for petrol turbo cars with an Air Flow Meter. This uses counter balanced springs and dual pistons to prevent the valve from leaking air. Dumps to air as above.

RE-CIRCULATING (CLOSED LOOP)

Suitable for all petrol turbo cars. Re-circulates the air back into the intake system, therefore venting the built-up pressure, freeing the turbo, but keeping the net flow of air constant. You do not get the dynamic 'whoosh' noise but you do get an efficient performance increase.

1 ATMO SINGLE PISTON

Fast Road Dump Valve - suitable for ALL petrol turbo cars without an Air Flow Meter.

Available in Silver, Red or Blue. (FMDV001) 176 2064 £71.56

With 360° adjustable vacuum pipe connection to help install in tight engine bay compartments. Available in Silver, Red or Blue. (FMDV001A) 176 2076 £83.90

Competition Style - large casing with allen key clamp-on top, rather than screw-on version. Available in Silver, Red or Blue. (FMDV002) 176 2065 £88.22

Competition Style with Filter - used where dirty air and particles are likely to get in to the valve vent system. Usually when mounted low near road, next to air vent or used off-road. Available in Silver, Red, Blue or Black. (FMDV003) 176 2066 £99.32

NOTE: If you have any queries about which valve is suitable for your vehicle please call us immediately!

2" ATMO TWIN PISTON

Suitable for most cars with an Air Flow Meter. Available in Silver, Red, Blue or Black. (FMDV004) 176 2067 £88.22

Twin Piston with Filter - used where dirty air and particles are likely to get in to the valve vent system. Usually when mounted low near road, next to air vent or used off-road. Available in Silver, Red, Blue or Black. (FMDV005) 176 2068 £99.32

3 PISTON CLOSED LOOP VALVE

Suitable for ALL petrol turbo cars with an Air Flow Meter. Available in Silver or Black. (FMDV006) 176 2069 £99.32

With 360° adjustable vacuum pipe connection to help install in tight engine bay compartments. Available in Silver only. (FMCL007A) 176 2077 £111.66

4 FAST ROAD CLOSED LOOP VALVE

Fitment Guide: All VAG 1.8T engines, all VAG 2.7 Bi-Turbo engines, Porsche 911/966.

Available in Anodised Black or Polished Silver. (FMCL007P) 176 2071 £99.32

5 TYPE RS VALVE

The ultimate dump valve kit! Includes everything so that the valve can be configured as a twin piston atmospheric or re-circulating closed-loop valve.

Extreme flow rate capability, utilising an amazing 2" bore. Ideal for tuned vehicles with large turbos or software upgrades. Adjustable ratchet top for fine tuning of variable spring. Positive and precise adjustment. 360 degree adjustable vacuum hose connector. Unique conical, progressive rate spring that can allow for 7 to 34 PSI boost. Available in Silver or Black. 176 2078 £214.67

6 DUMP VALVE FITTING KITS

8 SILICON HOSES

Full range of high quality silicon hose parts available. Please call or check our website for sizes and prices.

Part No. 176 2210

DUMP VALVES

1 RACE PORT

High value lift, outflows nearest competitor by 100%. Designed for serious racers with high boost, big engines and big turbos. Quick-release V-Band Clamp, Silicone Nomex diaphragm and Stainless weld flange.

176 2061

£249.50

2 KOMPACT SERIES

Kompact BOV's offer superior flow, full adjustability and designed as a direct bolt-on replacement for factory Bosch or Denso valves found on cars such as VW, Audi, Seat, Skoda, Saab and Porsche. Three versions available, in either 20 or 25mm inlet.

176 2055 Plumb Back

£129.50

176 2056 Supersonic

£139.50

176 2057 Dual Port

£159.50

3 TYPE 1

Suitable for engines up to 1.5 litres, producing standard or mildly increased boost.

176 2031

£94.50

4 VEE PORT

Ideal valve for fast road use. Unique QuickWrist adjustment for superior venting of pressure.

176 2032

£149.50

5 DUAL PORT

Sequential timing allows quieter operation during normal driving and loud under very hard acceleration.

176 2034

£214.50

6 SUPERSONIC

Stand out from the crowd. Unique Supersonic vent noise and QuickWrist adjustment.

176 2035

£199.50

7 MEGASONIC

The loudest and highest flowing BOV in the range. Designed for high boost and being noticed.

176 2036

£234.50

8 PLUMB BACK

Vents excess pressure back into the intake system. Ideal for performance with minimum noise.

176 2033

£179.50

9 DUMP VALVE FITTING KIT

Includes everything required to install a TurboSmart Valve. Most performance turbo vehicles available. Please enquire for details.

176 2037

from £19.50

10 MITSUBISHI EVO SPECIFIC DUMP VALVE

Dual port model specifically to suit Evo 6, 7 and 8 in Red/Silver finish.

176 2054

£229.50

11 SUBARU SPECIFIC DUMP VALVE

Purpose build bolt-on valve for all 2001 to 2003 Impreza WRX models. Four types available with same features as above, but simple fitting.

176 2053 Vee Port

£164.50

176 2058 Plumb Back

£219.50

CARNOISSEUR PERFORMANCE ESSENTIALS

1 3-POINT HARNESS

Black webbing, bolt down fitting.

888 1157 £45.00

2 EYE-BOLT & BACK PLATE

888 1175 £4.80

3 DIAPHRAGM DV

Dump Valve in polished Silver. Standard version has screw together body and standard diaphragm. Gp 'A' bolted together with stainless screws and has Kevlar diaphragm.

888 Standard £62.57
888 Group 'A' £75.89

4 SINGLE PISTON DV

Dump Valve in polished Silver. Piston instead of diaphragm for greater reliability and harder wearing. For cars without airflow meters.

888 Standard £70.80
888 Group 'A' £83.94

5 TWIN PISTON DV

Dump Valve in polished Silver. For cars with airflow meters - twin piston eliminates idle problems.

888 1201 Standard £70.80
888 1200 Group 'A' £83.94

6 DUMP VALVE FITTING KITS

Available for most popular turbo cars.

888 1204 from £20.80

LOCKWOOD

INTERNATIONAL

Bring your Dash to Life!

As leaders in the field of Dial innovation, Lockwood have produced the most extensive range of premium quality dial faces, to brighten up all those dark and dreary dashboards. Where required many of the dials can be fitted without removing the needles. Available for hundreds of models in various colours including eye catching Silver.

Easier to fit than you think!

We also make dials for imported cars which convert KPH to MPH

→ SEATS & HARNESSES

**Are you sitting comfortably?
Road, Race & Rally seats for all budgets**

Revitalise your car with a
complete makeover of
the interior.

→ Replacement Seats

Seats supplied with most new cars are a compromise. They need to fit everyone and therefore fit no one properly. At Carnoissey you can choose from a massive range of sports seats specially designed to fit you and your car.

→ Fixed Back Seats **FROM £105 each**

'Bucket' type seats are ideal for fast road use. Carnoissey can offer a tailored baseframe in most cases, ensuring your seat is fitted securely, and allowing a certain level of adjustment to achieve optimum positioning. Adaption bars and universal baseframes are also available where required.

→ Reclining Seats **FROM £259 each**

These are more adaptable and allow fine-tuning of the backrest. They also enable the seat to tilt if access to the rear is required in a 2-door car. Ultra luxurious with plenty of custom options; leather upholstery, embroidery, lumbar support, carbon backrests, etc.

→ Competition Seats **FROM £117 each**

We supply a huge range of FIA approved seats suitable for all types of motorsport. Check to see if you need them to be FIA approved for the events you are participating in. Often these seats will need to be bolted, via 'side-mounts' directly to the floor of the vehicle. Whatever your requirements Carnoissey will be able to help and advise the best way to proceed. A suitable harness can be supplied at the same time in your choice of colour and configuration.

→ Specialist Seats **FROM £105 each**

Special seats for special cars. Kit Cars, Minis, 'Lotus' 7, Beetles, Campers etc. Tell us what you have and we will help.

→ Try Before You Buy

It is important to try a seat for size and comfort before you buy, just as you would a pair of shoes. Once you have selected the seat of your choice it is then time to choose the fabrics and colours.

→ Fabric, Cloth, Vinyl, Leather

The choice is yours. Let us quote you for the different types.

→ Colours

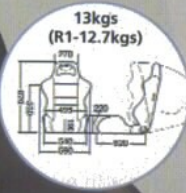

A massive colour range is available, especially in leather and vinyl. Again, let us see if we can accommodate you.

→ Trimming

If door cards and rear seats require trimming then this can be arranged by Carnoissey. A local trimmer is used or, in some cases, the manufacturer of the seats are able to offer this facility. Carnoissey can even supply you with a roll of matching material.

COBRA

Reclining Sports Seat for Fast Road Use

The Misano from Cobra redefines the ultimate road seat. A unique hybrid composite/steel reclining seat with tilt forward facility and superior recline mechanism. This fantastic design is available in four forms:

- 'S' - Brand new entry level design for 2007! Black vinyl surround upholstery with Blackrock centre, Gloss Black back and Silver powder coated side mechanism.
- Touring Spec - Silver carbon reinforced back and rock fabric/suede-tec upholstery.
- R1 spec - Lightweight with a pure carbon back, rock fabric and Alcantara trim, weighing less than 10 kgs for a recliner!
- Lux spec - Full leather covered, carbon backed seat for fitment in the finest cars. Available in Black or Grey quality leather. Any colour choice or combination of leathers available to special order at an additional cost. Please enquire for details.

All Misanos have a removable grommet for occasional use of 4-point harness if required for track day use. The hole simply plugs for weekday use with a normal 3-point seatbelt.

Many additional options and features available. Please enquire for details and prices.

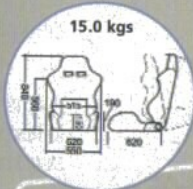

FROM £349.00

6 RETRIM SERVICE

Cobra offer a full professional re-trim service to match your existing rear seats and door panels to your new Cobra front seats.

You can either remove the necessary parts for retrimming, alternatively we can safely and securely collect your car, re-trim professionally and return. Parts are collected and returned direct to your home. Split rear seats, headrests, armrests, side bolsters and door panels are all catered for.

Available in Nylon, Rock Fabric, Vinyl, Alcantara and Leather to your specification.

Please enquire for a quote for your car.

234 5873 Rear Seats	FROM £359.00
234 5874 Door Panels	FROM £132.50

Inola

SPRINT RACESUIT

The Sprint suit has been created specifically for the clubman competitor and offers excellent value for money. With fully floating sleeves and an elasticated waist it offers excellent comfort and fit at this price. The heavy twill fabric gives a high level of durability and resistance to everyday wear and tear. Also available in a two colour option.

Homologation: FIA 8856-2000
Colours: Blue, Black, Silver, Red, White or Navy
Sizes: 48 to 64

SINGLE COLOUR:
304 1001 **£266.60**

WAVE

Designed to meet the highest FIA standards. Features padded palm and knuckle reinforcement, internal seams and high grip suede pads on palms and fingers.

Homologation: FIA 8856-2000
Colours: Black, Blue, Grey, Red or Yellow
Sizes: 8 to 12

304 1002 **£71.09**

HURRICANE

Meets FIA 8856-2000 homologation. Available in three colours with high grip suede inserts on palm and fingers.

Homologation: FIA 8856-2000
Colours: Black, Blue or Red
Sizes: 8 to 12

304 1003 **£38.22**

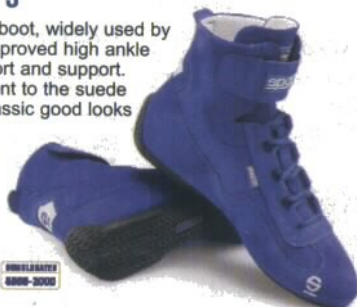

TOP DRIVER 3

Sparco's most popular boot, widely used by professional drivers. Improved high ankle design increases comfort and support. Water resistant treatment to the suede helps to maintain its classic good looks when in use.

Homologation: FIA 8856-2000
Colours: Black, Blue or Red
Sizes: 36 to 48

Special Order Colours Only:
Grey: Sizes: 41 to 46
Yellow: Sizes: 39 to 44

304 1004 **£115.44**

SPEEDWAY

A very popular boot due to Sparco's great design and low price. The speedway is used across the whole range of motorsport due to its very comfortable soft fireproof upper and oil and fire resistant sole. The speedway is available in a wipe clean fireproof leather option. The padded ankle region with velcro strap help enhance the comfort and fit.

Homologation: FIA 8856-2000
Colours: Black, Blue/Black, Grey/Black or Red/Black
Sizes: 36 to 46

→ INTERIOR

Branded design including tailored mats, steering wheels & gearknobs

Just about every item in the car interior can be replaced and upgraded, let us show you how.

→ Interior Accessories

Steering Wheels, Gear Knobs, Gaiters, Tax Disc Holders, Tailored Mats, Replacement Dials, Gauges... a comprehensive range of the latest branded accessories designed to make your car a nicer place to be!

→ Steering Wheels **FROM £46.00**

A wide variety of styles available including leather or polyurethane covering, coloured spokes and D-shaped or round shape. You will require the correct 'Hub Kit' to enable you to fit the wheel to your specific vehicle. Air Bags can cause an issue but let us advise you on your options.

→ Gear Knobs **FROM £13.98**

Simple but effective interior upgrade. Quick and easy to fit, just bear in mind whether you have to lift up a collar on the gear shift to engage reverse gear. 'Lift Reverse' format gear knobs are listed where appropriate. Richbrook offer a variety of gear knobs that show the gear pattern on the top, so make a note of your configuration.

→ Licensed Products **FROM £8.95**

Richbrook manufacture a range of products under official license specifically to suit Ford, Vauxhall and MG. The range includes door sills, gear knobs, hand brakes and gaiters, oil filler caps, tax disc holders and valve caps.

→ Pedal Sets **FROM £9.99**

Fully road legal versions available for manual and automatic cars plus matching foot rests. Stunning designs with variety of finishes and rubber grips from giants of tuning such as Sparco and Momo.

Defender

pre cut film

8 PRE-CUT WINDOW FILM KITS

- Ready cut to fit your car windows exactly
- Removes all difficult work of cutting to size and trimming
- Drastically reduces fitting time
- It's simple... now you can tint like a professional!

Defender Window Films are the very best
available. They offer reduced heat and
glare from the sun, security against theft
and superb styling.

Rear Section (rear screen and all side
windows behind the driver) and front section
(front side windows) must be ordered
separately. Rear screen is supplied in strips for
ease of application to curved rear windows.

Kits available in: Light Smoke, Dark
Smoke, Limo Black, Green, Blue, Red,
Yellow, Reflective Black, Reflective Silver,
Reflective Grey, and Reflective Blue.

Please state make, model, number of
doors and year of vehicle plus the colour
of tint required when ordering.

Front Window Tint Kit
232 3096 **£19.99**

Rear Window Tint Kit
232 3097 **£29.99**

9 UNIVERSAL WINDOW TINT FILM

Universal rolls of tinting film. Protects the
inside of your vehicle from the sun and
prying eyes. The solar film can be cut to
suit any car window and is not affected
by rear screen heaters. Side windows
wind down without any damage to the
surface. Available in: Light Smoke, Dark
Smoke, Limo Black, Green, Blue, Red,
Yellow, Reflective Black, Reflective Silver,
Reflective Grey, and Reflective Blue.

76x152cm (30"x60")

Available in Red, Blue, Yellow, Black, Gold and Silver.

350 2851 £19.99

→ LIGHTING

Upgraded bulbs, HID conversion kits, side repeaters and taillights

Safety and styling all in one.
Light the road ahead more effectively whilst improving the look of your vehicle.

→ Bulbs FROM £15.99 PAIR

The simplest of upgrades can be achieved in minutes by changing your headlight bulbs. Up to 80% more light can be thrown on the road in front of you by using high quality, high intensity halogen bulbs. Just check your fitment (H4, H7, H1, etc.) and ask in store for the options we keep in stock.

→ Indicator Lenses FROM £4.99

Side and front indicator lenses can easily be removed and replaced. Often standard cars have ugly orange lenses, we can supply ones that are clear or smoked grey to give a more appealing look. Clear bulbs that flash orange give a seamless look beneath clear lenses.

→ Taillights FROM £59.99 PAIR

Smoked Black, LED bulb clusters, 'Lexus-Style'... the choice is yours. Simply remove your existing taillights and screw in your new improved versions for a stunning rear end. All units are tailored for your specific vehicle and will connect to existing wiring looms.

→ Angel Eye Headlights FROM £134.99

Borrowed from BMW but now available for a wide range of makes and models. A crisp bright 'halo' sidelight surrounds your main beam headlights in a clear housing. These are complete replacement units and look absolutely incredible day or night.

→ HID Xenon Conversions FROM £169.95

If your car doesn't have HID lights as standard, what are you waiting for? This is the styling and safety modification that everybody should have. Convert your standard headlight bulbs to real Xenon 'High Intensity Discharge' lighting. Ultra bright white/blue 8000k light turns night into day. Up to three times brighter and bulbs last ten times longer. Kits include HID bulbs, ballasts, wiring and instructions.

Upgraded bulbs, HID conversion kits, side repeaters and taillights

MERCEDES - MINI - MITSUBISHI - NISSAN - PEUGEOT - PORSCHE - RENAULT

1 XTREME WHITE PLUS BULBS

The very best in upgrade bulbs. As the name implies, these bulbs are Xtreme! Upgrade your bulbs for a brighter crisper white light – the closest performance to H.I.D. (High Intensity Discharge) Lamp systems at a fraction of the cost. Supplied in pairs. (Not E-marked)

2 CHROME MIRROR WHITE BULBS

Another innovation in bulb technology from PIAA. The Chrome Mirror White range provides a new dimension in automotive lighting. At night, the Chrome Mirror generates a crisp, clean, intense white light. By day, it ensures that no colour can be seen in the headlamp reflectors, therefore not effecting the aesthetic appearance and design of modern and fashionable headlamps. Supplied in pairs.

3 PLATINUM WHITE BULBS

High efficiency halogen bulbs emit a pure-white colour that is closer to natural sunlight than standard bulbs. Very high quality. All Platinum White bulbs are E-Marked. See table for prices. Supplied in pairs.

4 LED SIDELIGHTS

Twin LED direct replacement, longlife LED bulbs in either White, Blue or mixed. Also suitable for marker lights. Supplied in pairs.

150 5533 Twin Blue	£20.97
150 5534 Blue/White	£20.97
150 5535 Twin White	£20.97
150 5595 Tera Ultrabright	£41.77
150 5596 4 LED Xtreme Force	£24.67
150 5597 4 LED Xtreme White	£24.67
150 5598 4 LED Spark Blue	£24.67
150 5600 6 LED Blue	£33.89
150 5601 6 LED Clear White	£33.89

5 MIRROR ORANGE INDICATORS

Illuminates orange but mirror finish when not lit. Ideal for clear headlights, taillights. Supplied in pairs.

150 5499 Bayonet H347	£26.46
150 5500 Capless H346	£26.46

6 1100X DRIVING LAMP KIT

Compact design allows easy installation. High output 55W XTRA halogen bulb performs like an 85W bulb. Available with either Clear or Blue lens. Chrome plated housing. Approaches the brightness and intensity of H.I.D. lamps at a fraction of the cost. Supplied in pairs. (height: 78.5mm, width: 65mm, depth: 76mm).

150 5390	£191.57
----------	---------

7 HA/LO UPGRADE KIT

Bulb and socket assembly replaces original BMW unit to give a clean, white 6500 kelvin brilliance. Change from dull incandescent Yellow to Bright White HID, matching the factory headlamps. Available for BMW 1-series, 3-series (E90), 5-series (E39, 60), 6-series (E63), 7-series (E65) and X5.

150 5599	£130.85

SCREEN CARE

PIAA Screen care products are designed to work with the PIAA Silicone Wiper Blades, designed with major motor sport teams to help assist with improving vision in difficult driving conditions.

10 PIAA VISION SCREEN WASH

Contains a special formula with silicone to improve the coating when used with PIAA wiper blades, unlike standard screen wash which removes the coating each time it is used.

173 4537 350ml	£5.99
----------------	-------

11 VISION SCREEN CLEANER

Based on the screen wipes that are supplied with the wiper blades this enables you to prepare the screen for use with the PIAA wiper blades and the Vision Screen Wash and the Vision Protect & Coat.

173 4538 250ml	£5.99
----------------	-------

12 VISION SCREEN PROTECT AND COAT

This is a screen coating that can be used to coat all glass and visors with a coating that requires less use of the wiper blades or wiping of a visor and when used in conjunction with the PIAA wiper blades protects and adds to the coating the blades apply to the screen with each wipe.

173 4539 250ml	£5.99

→ BODYSTYLING & 4x4

From rear spoiler and front lip to full wide arch kit, choose your style

Enhance your car with a tailored look that reflects your personality.

→ Bodystyling

All the major car manufacturers over recent years have realised that they can make their top-of-the-range cars look more desirable by subtly changing certain items on the exterior to distinguish them from their entry-level models.

Look carefully and you will notice the following:

- 1 Addition of side skirts, colour-coded to paintwork.
- 2 Deeper front and rear valances (bumpers/spoilers), again colour-coded to paintwork.
- 3 Different front grilles with 'sport' badges.
- 4 Body colour rear tailgate or boot spoilers with built in LED brake lights.
- 5 Mirror covers colour coded or 'alloy'.
- 6 Slim side window wind deflectors.
- 7 Clear side repeater lenses.
- 8 Tinted or 'Lexus Style' rear light clusters.
- 9 Clear indicator bulbs to the front light units.
- 10 Crystal headlights with Xenon ultra-white conversions.
- 11 Twin Headlight Conversions.
- 12 Exclusive badges and graphics.

These subtle changes, along with the obligatory larger alloy wheels with low profile tyres, slightly lowered suspension and sports exhausts transform their cars into 'objects of desire'.

Carnoisneur can create that exclusive look, or a more extreme design, or perhaps mirror a specific motorsport style.

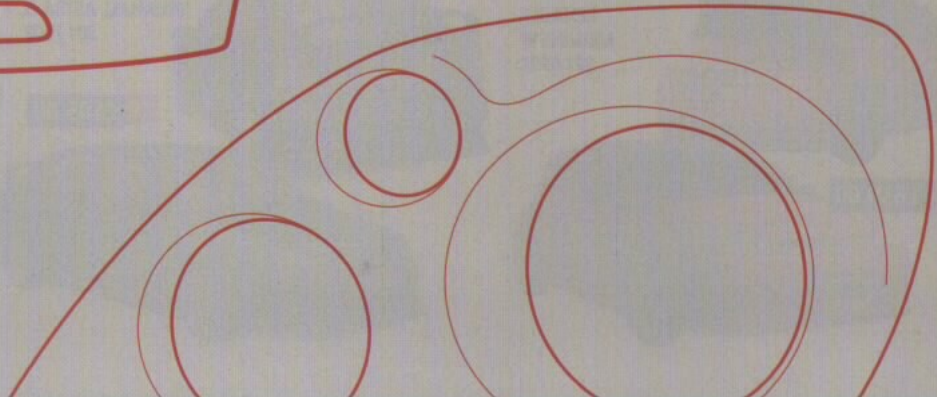

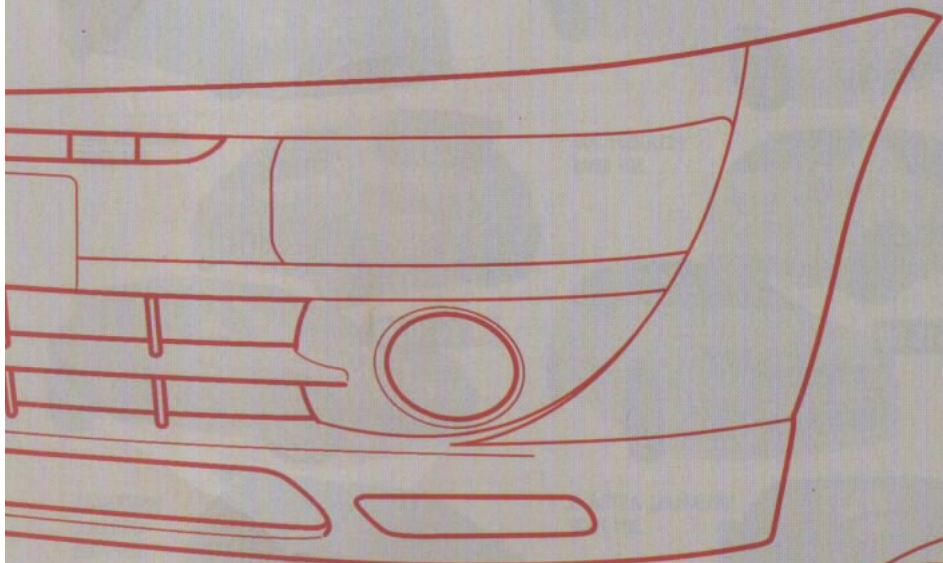

Complete bodykits from £299.00

Rear Spoilers from £55.00

Xenon Headlight Conversions from £169.99

Let us help you create your vision with the help of all the leading brands in the aftermarket.

Get ready to be amazed.

LESTER

Italian flair at affordable prices for most popular cars

Lester have been producing bodystyling since the 70's and continue to expand their range with high quality & superior finished products. Their range of products are available in fibreglass, high density plastic and polyurethane.

Now approaching their 30th birthday, they produce an amazing 4000 different items which cover nearly the whole automotive range. When a new part is designed it is tested for fitment before going into production, to ensure proper fitting and that it does not interfere with the structure of the vehicle or contravening current EEC laws. Kit samples shown below.

1 STAINLESS STEEL SILL PROTECTORS

Manufactured from the highest quality materials (bright annealed, 20 gauge, 304 grade, non-magnetic stainless steel).

These plates fix to the sill by means of powerful adhesive pads and each sill has the car logo engraved to a high standard.

- Protect vulnerable paintwork which is most exposed to daily wear and tear.
- Cover previously damaged paintwork.
- Enhance the car's appearance and add that 'touch of class'.
- Easy to fit (no drilling required).
- Excellent value for money.

Please state exact year, make, model and number of doors when ordering.

rallyflapZ

1 PVC RALLYFLAPZ

Brand new product! Complete set of 4 RallyflapZ, Laser Cut Stainless Steel Brackets, all fixings and full instructions supplied.

You need these to protect your lovely paint! These have been custom designed to fit each model perfectly – not a universal product.

Shiny tough PVC available in a range of colours with a selection of logos. Designed to match or compliment your paintwork whilst adding protection and adding that finishing touch.

Makes your car look wider, meaner and lower!

See table for prices and applications. New cars added all the time, please call for your vehicle.

301 5797 Set of 4 from £29.95

2 ULTIMATE KAYLAN RALLYFLAPZ

The same as above but manufactured from colourfast Rally Spec 'Kaylan' 3mm material. Very hard wearing and used by the professionals.

See table for prices and applications. New cars added all the time, please call for your vehicle.

LSD DOORS

A complete program of spectacular tailored gull wing door solutions. LSD is worldwide patented and installation is as easy as bolting on the product.

These are highly engineered, good quality products, TUV approved and crash tested.

After simply removing your original hinges the LSD will mount in your original bolt holes. 3D adjustment options provide accurate adjustment/refitting of the doors.

These LSD kits use your factory door latch and lock so there will be no wind noise, no panel gaps, no water leaking and no problems. Your doors will open smoothly with minimal effort. Your door will first open outwards to a pre-adjusted angle and then smoothly it will be guided upwards by the high pressure gas lifters.

From rear spoiler and front lip to full wide arch kit - choose your style

E-TECH

1 LENS TINTING KIT

New revolutionary light lens tinting kit which is designed for use on front head lamps, rear tail lights and side repeater lenses. Due to the special transparency properties you can achieve an aggressive but subtle styling.

- Easy to apply and remove
- Suitable for glass and plastic lenses
- Minimal light distortion and reduction
- 4 colours available: Red, Green, Blue, Smoke

229 9200

£12.99

1 £12.99

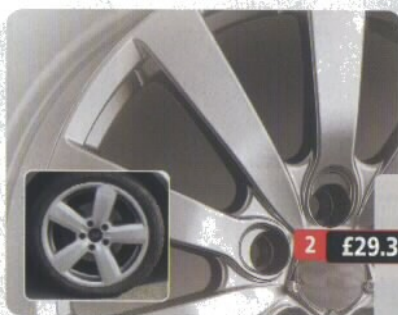

2 ALLOY WHEEL REPAIR KIT

It's so easy to damage your alloy wheels and expensive, inconvenient and time consuming to get them refurbished. However, E-TECH Engineering has come up with a solution for repairing deep scuffs and scratches, curb damage to the rim and most other superficial non-structural damage.

This kit provides all the components you need to repair your alloy wheels yourself and contains detailed instructions of how to achieve a professional finish that is virtually invisible to detect.

229 9201

£29.36

2 £29.36

3 BRAKE CALIPER PAINT

A one part paint system which requires no mixing with hardeners or priming and is therefore easy to use with no mess. It is easy to apply, quick drying and has an outstanding high quality, long lasting, lustre finish which will enhance your vehicle's brake calipers, wheel hubs or engine bay.

- Resistant against Brake Dust, Chemicals, Corrosion and Oil
 - Easy to apply
 - No Dismantling of parts
 - Stunning long lasting finish
 - Easy to clean
 - High quality one part paint including spray cleaner and brush
- Available in: Red, Blue, Gold, Silver, Yellow, Black, ST-Orange, Pink.

301 6601

£19.20

3 £19.20

5 OIL CATCH TANK

Precision CNC engineered from lightweight alloy, serving as an effective reservoir to collect any crankcase oil and preventing vapours re-circulating into the air-intake system. This also helps keep the engine oil cleaner for longer between service intervals. Red, Blue, Silver or Carbon finish.

- Universal fitment
- Choice of 9mm & 15mm
- Visible oil level indicator

220 9202

£46.99

220 9203 Carbon

£46.99

4 SPORT PEDALS

These pedals have been specifically designed and developed to comply with the strict UK safety standards as stipulated in ECE Regulation 35 and the General Safety Product Regulation 1994. The pedals combine both style and design without compromising on safety. Available in Red or Silver and supplied with rubber grip pads.

2 accelerator pedals are supplied one flat and the other radiused for different accelerator pedal designs.

→ SAT NAV & ICE

The latest electronics; iPod integration, stereos, speakers, amps & monitors

Head Units, Amps, Speakers, Subs, iPod Connections, Screens, DVD Players...
let us recommend, supply and fit the entertainment system that satisfies your ears and your wallet.

To get the best from your car audio it is essential to recognise what elements go into making a great sound.

In essence you need a quality head unit that will output clean and clear signals to your speakers, speakers that are designed to handle treble, mid-range, mid-bass and sub-bass frequencies, and additional amplifiers to provide added power where necessary.

→ Head Units **FROM £59.95**

This is the brain of the system. It sends signals to your speakers, in some cases via an amplifier. They will accept various inputs including FM/AM and DAB radio signals, CD, MP3, iPod, DVD etc. Some headunits even feature Satellite Navigation and include touch screen monitors! Let us guide you through the features available and recommend a selection of units at the very best prices.

→ Amplifiers **FROM £69.95**

These power up the signal received from your Head Unit. They are usually used to drive power to a sub located in the boot or rear shelf. Ask us for advice on the various brands, power ratings and price points.

→ Speakers **FROM £19.95**

To do the job properly the 'treble', 'mid-range' and 'mid-bass' frequencies ideally need to be 'broadcast' from different speakers. We will recommend the ideal speakers for your install.

→ Sub Bass **FROM £37.95**

'Subs' generate the real bass sound. They need an amplifier to drive them and they ideally need to be mounted in a purpose-designed sub box and secured in the boot. Some 'Bass Boxes' come complete with subwoofer and amplifier built-in. We can provide the required solution.

→ Audio Accessories and Fitting

We can provide all the accessories required to complete your dream system. Connect your iPod to your existing stereo, integrate sound from your Sat Nav unit or mobile phone, plug in a games console, upgrade to high quality speaker cable, integrate steering wheel controls... we've got it covered!

Please ask for advice on systems, options, installations and prices.

1 BLUE SMART £49.99

£79.99

1 GO-PRO MOTORSPORT HERO

The ultimate waterproof action camera designed for in-car and on-bike filming.

High quality camera complete with a range of mounts dedicated to motor sports including a suction mount and a helmet mount.

In addition to being a video camera it is also a 3 mega-pixel waterproof camera, taking still photos and with a built-in 16Mb internal memory, which is expandable to 2Gb using a 2Gb SD Card.

In the video camera mode it has the capacity to shoot 56 minutes of colour TV resolution video (512 x 384 pixels) and sound when using a 2GB SD card.

It is easy to use and lightweight enough that it is hardly noticeable.

The Motorsports Hero is a perfect way to capture action shots that were never possible before, at a great price. Features of the camera include:

- 56 minute high quality colour video with sound
- 3 mega-pixel sensor with glass lens
- 3x sequence photo burst
- Photo every 5 seconds mode
- Adjustable Sound recording levels
- Programmable power off settings
- Always on mode lasts 3+ hours
- Mode lock for easy shooting
- Inverted Photo/Video Save Upright Mode
- Supports up to 2Gb SD cards
- 30 meter depth glass lens waterhousing
- 1 year warranty

You can also use the Motorsport Hero for extreme sports such as Snow Boarding, Surfing, Scuba Diving by ordering the Go-Pro Wrist Housing. Fix it to your mountain bike or quad bike with the Ride Hero (see below).

We strongly recommend using Energizer Lithium batteries for the best possible performance.

230 5277 **£144.99**

EXPANSION KIT

All of the accessories included with the Go-Pro Motorsport Hero, minus the camera itself. Expands functionality if you already have the Go-Pro Helmet Hero or Digital Hero 3.

230 5278 **£64.99**

2GB SD CARD

For use with all Go-Pro Digital Cameras we recommend the First Champion 2GB SD Card.

- Fully compatible with other SD card devices
- High speed data transfer rates
- Built-in write-protect switch prevents accidental data loss
- Durability: >10,000 insertion/removal cycles
- 5 Years Warranty

230 5279 **£14.99**

ENERGIZER LITHIUM BATTERIES

4 pack of high quality batteries.

230 5280 **£7.99**

2 WRIST HERO HOUSING

Wrist band with waterproof camera casing for diving, surfing, snow boarding, sky diving, etc.

230 5281 **£35.99**

RIDE HERO

Combination handlebar and seatpost mounting clamp for use with mountain bikes or quad bike handlebars. Expand the uses of your Motorsport Hero camera.

230 5282 **£19.99**

GRAB BAG

This bag of add-on parts is for Motorsport or Helmet HERO owners wanting more mounts. It includes 2 flat surface baseplates, 2 curved baseplates, a thumb knob and hardware, 2 quick release buckles, and a vertical J mount for mounting your camera on a vertical wall surface like a car bumper or similar.

230 5283 **£19.99**

4 BEEP & PARK/VISION

Rear parking detection system with sensors, coupled with a rear-view camera to provide drivers with audible and visual information when reversing. The distance and position of obstacles are shown on the LCD dash-mounted screen.

Wide-angle camera mounted near the rear bumper is activated as soon as reverse gear is engaged.

The distance of obstacles and colour images are displayed on the LCD screen, giving a clear and complete view of the area behind the vehicle. Works in poor light (<2 lux).

252 4529

£349.99

5 LIGHTS / ON&OFF

Automatic lighting system that switches on the headlights as soon as the light becomes poor and switches them off again when sufficient light is restored. Maintains optimum visibility and safety. Easy and quick installation.

252 4530

£39.99

6 GUIDEO

Guidéo is a camera module that permanently scans the road and provides safety features and video recordings.

The Lane Alert function reduces the risk of leaving the road or having an accident. Warns you if you inadvertently cross a white line, for example in the event of drowsiness, when checking the sat nav or adjusting the radio.

The Video box function films the road in the event of sudden acceleration or deceleration that may be associated with an accident. View the exact circumstances of the event.

The Beep&Watch function informs you of any movement in front of your vehicle. Particularly useful in traffic jams or at traffic lights.

The camera is positioned beneath the rear-view mirror. Starts automatically and scans the road permanently, even in poor light (1 lux). Voice recordings assist the driver throughout the journey.

Kit 5 - 8 sensors (front & rear), display & two bar system

252 4527

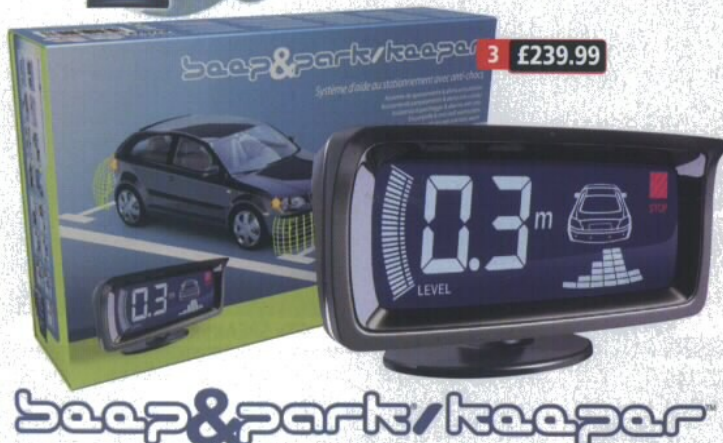

£184.99

3 BEEP & PARK KEEPER

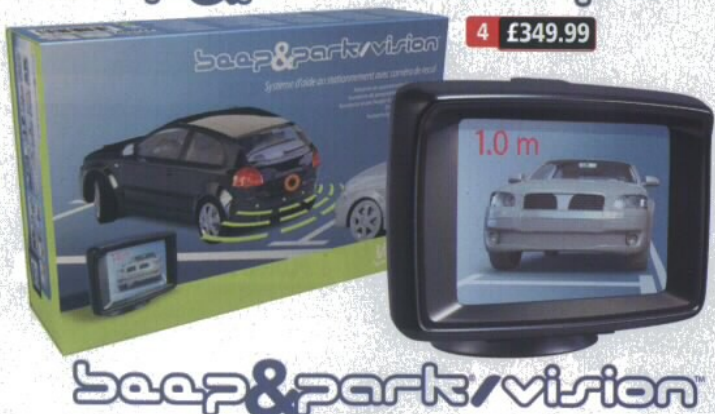

Front and rear parking assistance with an anti-bump alert to protect your vehicle against the all too often clumsy parking of other motorists. When parking, the sensors detect all obstacles at the front and rear of the vehicle and indicate their distance. Features audible and visual warnings.

The system detects vehicles that come too close to your car and gives off visual and audible signals to encourage drivers to pay extra attention.

8 ultrasonic sensors detect obstacles at the front and rear of the vehicle. All obstacles are detected and announced by a sound that gradually intensifies as the obstacle

1 TRAVELPILOT Lucca 5.3

Precise Navigation and Entertainment System in One. Accurate to the exact house number, user-friendly and extremely fast route calculation. Enjoy the latest video clips, holiday photos or your favourite music. PostCode Search, Route guidance across 40 European countries, 2D or 3D maps, 4.3" Touch-screen TFT display, Video-In (possibility to connect DVD-player, reversing camera and game console), 5hr battery life, home and in-car charger included. TMC traffic warning system included without need for annual subscription! Firmware update available online to add Speed Camera database.

216 5714 £299.99

2 TRAVELPILOT 100

All you want to do is to get from A to B? Then the TravelPilot will impress you with nothing but navigational skill. It will get you anywhere you want to go. And the device cannot only be used for route calculation, it also warns you acoustically and visually of TravelPilot 100 approaching speed limits and offers alternatives when a city name has been typed in incorrectly. And last but not least, the PIN code protects your TravelPilot 100 against unauthorised access.

216 5713 £124.99

3 TRAVELPILOT ROME NAV56E

Highly efficient navigation system and a top end car radio. High quality colour TFT display with street level mapping and clear arrow symbols. Precise spoken instructions are played through the vehicle's sound system at a volume level to suit your needs. You can listen to MP3s, WMA or CD while navigating due to an integrated memory corridor. The unit does not require a speed pulse connection and can therefore be installed quickly and easily, saving both time and installation costs.

Post Code entry, guidance to house number and European maps included. 4x50W, iPod Ready, CD/MP3/WMA/Radio. 216 5716 £499.99

High power handling, solid push-terminals, 10"/250mm or 12"/300mm. 600W Max, 200W RMS.

216 5705 10" £56.99
216 5706 12" £63.99

6 PLUG&PLAY AMPLIFIER

Star Product! Add power to your car stereo system with this ingenious ultra-compact amplifier. These 'Plug&Play' amps do not require cutting of wires or running long cables around your vehicle. A simple harness that plugs into the back of your stereo takes care of everything. The 1, 2 and 4 channel versions do not even require a separate power cable! Installation typically within 15-20 minutes and can be removed without leaving a trace.

Some of the smallest amps in the world allowing installation behind dash if required! Amp inputs for additional sources like MP3 players or navigation devices. Conventional RCA inputs and screw-type terminals included. Auto input detection circuit - no remote required.

216 5708 1-Channel £220.99
216 5709 2-Channel £147.99

Bumper mount or panel mount CCD 1/4" night vision camera with built in LED's. Supplied with hole cutter and has a 120 degree viewing angle. IP67 rated

215 6636

AUTOLEADS

AMPLIFIER WIRING KITS

£9.99 - £69.99

(See Store for Details)

We at Autoleads continue to produce the highest quality amplifier wiring solutions to fit every install budget and system need. For a long time now we have preached the benefits of correct gauge wiring to suit the system, flexible cable to ease install and the all important 100% copper cable for maximum conductivity and performance.

100% Copper remains, by far, one of the most efficient metals used for car audio cabling and we strongly recommend that this should be your first choice for your system.

Beware of wiring kits that have replaced copper content with substitute metals such as Aluminium or put much thinner cable inside a thick outer. These will be far less efficient, unsafe and will ultimately reduce what you get out of the Amplifier in the way of power. You will starve the Amp.

Every Amplifier Wiring Kit produced by Autoleads is produced from 100% copper cabling and therefore will maximise the output from your Amp.

888 4200

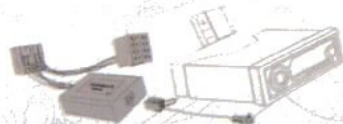

HARNESS ADAPTOR LEADS

£2.99 - £38.99

(See Store for Details)

Harness adaptors connect the head unit to the original radio connector without the need to cut any of the existing wiring. PC2-xx-4 are for conventional speaker systems and PC9-4xx are for high specification cars that have an amplified speaker system fitted as standard.

888 4300

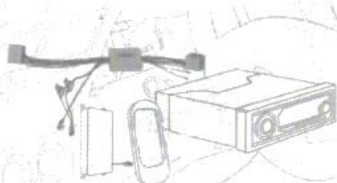

ACCESSORIES INTERFACE LEADS

£15.99 - £74.99

(See Store for Details)

Accessory Interface Leads allow aftermarket products that are supplied with standard ISO blocks to be installed into vehicles with different connectors. Male to female conversions are ideal for satellite navigation units, hands free kits, amplifiers, tracking systems, Bluetooth devices, etc.

888 4600

TELEMUTE LEADS

£9.99 - £58.99

(See Store for Details)

Telemute Leads are used when installing an aftermarket hands free kit. The telemute lead will mute your head unit and redirect all calls through the vehicle's front speakers. The advantages of using a telemute lead are:

- The lead uses existing power wiring
- There is no need to install a hands-free speaker
- There is an automatic mute facility
- The installation time is cut in half
- The vehicle's warranty will not be invalidated.

888 4700

PHONO LEADS

£3.99 - £43.99

(See Store for Details)

Autoleads' range of phono leads offers the connectivity needed to link two products together via the RCA connections. The range of Phono leads offered by Autoleads are all supplied with the highest quality gold plated RCA connections.

888 3800

FACIA ADAPTORS

£2.99 - £71.99

(See Store for Details)

Facia adaptors convert the aperture left after removing the original manufacturer's head unit to suit the standard DIN (FP) and Double DIN (DFP) sizes used by the majority of aftermarket head unit manufacturers, whilst retaining the original visual appearance of the dashboard.

888 4450

SPEAKER ADAPTOR KITS

£6.99 - £75.99

(See Store for Details)

Autoleads' speaker adaptor kits allow standard size speakers (100mm, 130mm, 165mm and 6" x 9") to be fitted into the original apertures of your car audio system. Wiring harnesses are included in the kits where necessary.

888 3300

STALK CONTROL ADAPTORS

£3.99 - £132.99

(See Store for Details)

These will enable the customer to use existing OEM steering wheel controls with an aftermarket head unit. The vehicles that are covered in this range are RESISTIVE, VAN-BUS and CAN-BUS protocols.

On the CAN-BUS vehicles, the module will produce an ignition supply from our loom, as well as the following information:

- Hand break ground trigger (for use with in car DVD, up front screen solutions)
- Reverse gear trigger (for use with rear view camera solutions)
- Speed sense (for use with some navigation devices)
- Ignition sense (for use with vehicles such as CAN/MOST with no ignition supply at head unit)
- Telemute input (a trigger which will mute the audio from the head unit/amplifier)
- Steering wheel controls (to use existing OEM steering wheel controls with an aftermarket head unit)

888 3100

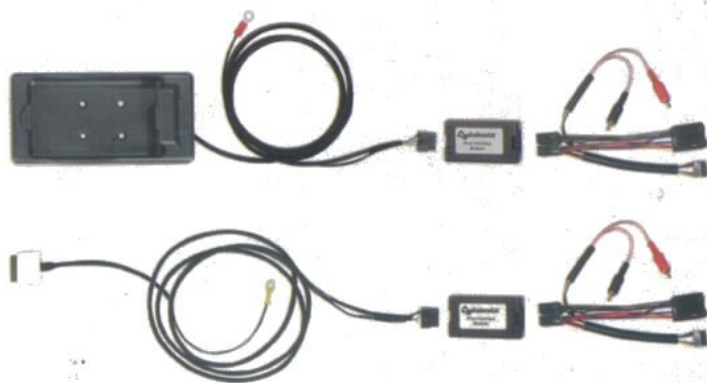

GOLD WIRING ACCESSORIES

£2.99 - £35.99

(See Store for Details)

Autoleads' range of Wiring Accessories are one of the most comprehensive on the market, supplying you with nearly unlimited options for system installation from basic OEM replacement to fully customised installs. All Gold range connectors are constructed from 100% solid brass, plated in gold for optimum conductivity.

888 3400

CHARGE + PLAY ADAPTORS

Autoleads' charge and play iPod adaptors are ideal for playing your iPod through your vehicle's audio system while also charging it at the same time. If you want to charge your iPod whilst it plays, just order either the PC7-P0D-L lead or PC7-P0D-20 cradle (fits 20Gb and 30Gb iPods only) PLUS the corresponding head unit specific interface lead. Not compatible with iPod Shuffle.

→ CAR CARE & GRAPHICS

Premium cleaning, custom cut stickers & high quality number plates

Custom designed vinyl
graphics in every shape,
shade and size you could
possibly desire.

→ Graphics **FROM £1.10**

We can produce any graphics for any car, 4x4 or van. From simple Carnoisseeur stickers in any colour of your choice to complete car 'wraps'.

Please ask to see our portfolio however if you can't see what you are looking for we can help you design and quote for whatever your imagination can come up with.

→ Window Tinting **FROM £13.95**

Let us advise you on the dos and don'ts and give you a quote. Our professional partners will need your car for a full day and we can arrange transport to your place of work if desired, while your car is being 'tinted'.

→ Number plates **FROM £29.99 pair**

Fully legal plates are available made perfectly and guaranteed for life not to deteriorate or delaminate. Also for those occasions when you are exhibiting your pride and joy at a car show we can supply number plates specifically for the purpose.

Samples and examples of all the styles and fonts are available. Please enquire and we will guide you through the process.

You will be required to produce various documents to enable us to produce your plates. We will let you know the current legal requirement before placing your order.

→ Number plate fixing **FROM £1.99**

We can supply self adhesive or screw type fixings and will even fit your plates free of charge. However, it may be necessary to arrange an appointment after normal shop hours to complete this work.

263 6228 **£29.99**

11 EDGELESS CLOTH

Two high quality micro-fibre cloths. Seam free to prevent scratches.

263 6230 **£7.99**

BRAND NEW RANGE

1 WATER WETTER

More power! Your ECU retards the ignition to stop pinking which cuts power and performance. Water Wetter keeps your engine cool and gives back lost power. Improves the efficiency with which heat is transferred from engine castings to coolant and from the coolant to air through the radiator. 355ml bottle treats a cooling system of up to 15L.

263 2608 Petrol **£11.69**
263 2638 Diesel **£15.99**

2 SI-1 FUEL SYSTEM CLEANER

Concentrated package of the most powerful high temperature detergents available to clean injectors, inlet valves and combustion chambers. Increase fuel economy approximately 12% or more. 443ml treats up to 100 gallons, 118ml treats up to 20 gallons.

263 2610 443ml **£10.52**
263 2611 118ml **£5.82**

3 85 PLUS DIESEL FUEL ENHANCER

For use in all diesel engines. Contains powerful lubricants, detergents, seal conditioners, fuel stabilisers, rust preventatives, power booster. Reduce smoking, help prevent fuel system wear and leakage and can provide 5% additional power and efficiency. 355ml treats 375 litres.

263 2603 355ml **£9.34**

**4 SYNTHETIC ENGINE OIL**

Redline sythetic oils offer the highest protection, cleanliness and superior drain intervals with the lowest friction for your engines.

See table for prices and part numbers.

FULLY SYNTHETIC GEAR OIL**5 LIGHTWEIGHT SHOCKPROOF**

75W80 gear oil with an EP rating of 140. This gear oil has been specially developed for protection when high power outlets are put through standard or lightly modified gearboxes, or for dog or sequential gearboxes. 1 US Quart

263 6201 **£16.16**

6 HEAVY SHOCKPROOF

75W90 gear oil with an EP rating of 250. This oil is perfect for heavily loaded or problem transmissions, such as tuned Subaru's, EVO's or Nissan Skylines. 1 US Quart

263 6200 **£16.16**

**7 AUTOMEK SILICONE BRAKE & CLUTCH FLUID**

The most advanced DOT5 brake and clutch fluid ever formulated. Never needs to be replaced will NOT damage paintwork, less risk of fire. Very high boiling point of 260°C (500°F), even after five years. Helps to eliminate corrosion. Environmentally friendly, totally non toxic. Silicone fluid retains a virtually

stable viscosity through most temperature extremes.

For the very best performance, do not mix with ordinary brake fluids.

Ideal product for track day enthusiasts as well as fast road applications.

290 1519 250ml **£9.99**
290 1520 500ml **£19.39**
290 1521 1 litre **£34.66**

7 SILICONE BRAKE FLUID
FROM **£9.99**

1 SMART WAX

Manufactured from the highest quality raw materials, SmartWax delivers the finest wax paint has ever seen. 100% pure carnauba based wax and polish, enhanced by Non-Stick Protection and formulated using a blend of fluorocarbon polymer resins that give the wet looking, long lasting shine and UV(40) protection that reduces fading & oxidation. Polishes, shines and protects in one-step. Easy on, easy off with no smear or powder residue. Can be applied to wet or dry surfaces. Repairs swirl marks. 450ml.

888 1753

£15.50

2 SMART CARWASH

Premium shampoo and conditioner in one. Formulated with Synthetic Polymers. Loosens and emulsifies the toughest dirt and road grime, allowing them to glide off the surface leaving it smooth and shiny. Ultra-sudsy, non-streaking formula is pH balanced to protect all clear coat finishes. Sparkling, streak- and spot-free results. Gentle on all painted finishes as well as rubber, vinyl and plastic components. 450ml.

888 1754

£7.99

3 SMART SEALANT

Creates an anti-static, heat resistant protective seal against corrosive elements such as ultraviolet rays, salt water, acid rain and industrial pollutants. Adds gloss and depth. 450ml.

888 1755

£18.99

4 SMART DRESSING

Non-greasy extra dry premium conditioner that provides outstanding long lasting shine and protection to all tyre, rubber, vinyl and leather surfaces - inside and out. UV blocking agents reduce cracking, fading and hardening. Rejuvenates and restores suppleness. 450ml.

888 1756

£8.99

5 SMART LEATHER

Clean, condition and preserve the strength, beauty and flexibility of old and new leather. Non-greasy and extra dry, leaves the surface clean, conditioned and dry to the touch. Formulated with stain repellents and waterproofing agents. 450ml.

888 1757

£12.99

6 SMART CARPET

Ultimate in spot and stain removers. Not a shampoo or a soap it is a professional extractor that effortlessly and effectively breaks down and eliminates ugly spots, stains, grease and grime from your carpets, upholstery or seats. Fresh, clean fragrance. 450ml.

888 1758

£8.99

7 SMART DETAIL

Restores that just-waxed deep wet looking shine in minutes! Unparalleled surface enhancement - clarity, intensity and shine. A single spray wipes away fingerprints, water spots, dust, and other harmful contaminants, leaving behind a rich shine. Can also be used as a surface lubricant for SmartClay. 450ml.

888 1759

£9.99

8 SMART CLAY BLOCK

Makes spotted, rough and cratered surfaces smooth like glass again. These non-abrasive bars safely and quickly remove surface contamination by 'pulling' it off the surface. Best if used with SmartDetail. 250gm.

888 1760

£22.99

9 RIM WAX

Extreme shine and protection for Chrome & Alloy Wheels. Non-stick technology and anti-static guard to deflect brake dust, dirt and abrasives. Adds gloss and depth. Long lasting. 225ml.

888 1761

£16.50

10 QUIXX SCRATCH REMOVER

Removes scratches, marks and scuff marks from all paint finishes, including metallic. Simple to use with instant results. Two different polishes included to eliminate both slight and deep scratches. 7-piece set comprising two tubes of scratch remover, one polishing cloth and four strips of special sandpaper.

888 1762

£9.95

11 XERAPOL PLASTIC POLISH

Removes scratches and swirl marks on plastics and acrylics. Simple to use with incredible instant results. Suitable for headlamps, dashboards, plastic windows, motorbikes, caravans, boats, even home applications such as bath tubs!

263 6212

£6.95

12 DISPLEX DISPLAY POLISH

Removes scratches and swirl marks from plastic displays such as mobile phones, PDA screens, sat navs or iPods. Quick, cost-effective process with stunning results. The display will shine again within 2 minutes. The 5g tube is sufficient for approx. 8-10 applications.

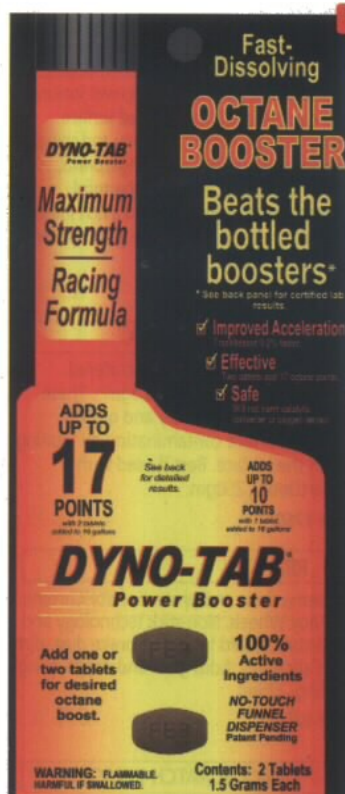

263 6213

£4.95

DYNO-TAB

Power Booster

1 DYNO-TAB OCTANE BOOSTER £3.99

DYNO-TAB FUEL ADDITIVES

DYNO-TAB is a high quality fuel additive in tablet form.

- Easy to use
- Convenient to store
- Economical
- Environmentally friendly
- Fully tested
- EPA Registered

1 DYNO-TAB OCTANE BOOSTER

2 x 1.5g tablets. Each tablet treats up to 16 gallons/60 litres. Maximum strength high performance octane booster. Beats bottled boosters, backed by independent tests.

If you race, or just want to get the maximum performance from your vehicle, Dyno-tab delivers astonishing results at an equally astonishing price. When you need a boost drop one tablet into the fuel tank at fill-up. For maximum boost when performance really counts, add 2 tablets. One tablet delivers a 10-point increase in octane. Two tablets can deliver up to 17 points.

263 5700

£4.50

2 FUEL TREATMENT WITH OCTANE BOOST

Suitable for petrol and diesel engines. Adds power, reduces smoke and emissions, improves fuel economy. 2 x 1g tablets or 12 x 1g Value Pack. Each tablet treats up to 16 gallons/60 litres.

Dyno-tab is a Class III combustion catalyst, formulated to deliver a cleaner, more efficient burn of the fuel you buy. A more complete burn means more power and economy, with less going out the tailpipe in the form of smoke and emissions. Dyno-tab quickly dissolves when added to fuel and begins to work immediately. One fuel tablet provides the same amount of active ingredients as a typical bottled product without the packaging waste.

263 5701 2 Tab Card

£2.95

263 5702 12 Tab Value Pack

£13.50

3 DYNO-TAB PLUS INJECTOR CLEANER

2 x 1g tablets. Each tablet treats up to 16 gallons/60 litres.

Fouled fuel injectors alter the spray pattern of today's finely tuned engines. This results in reduced performance and fuel economy and an increase in harmful emissions. Dyno-tab Plus is specially designed to keep injectors free from power-robbing contaminants and to maintain like-new engine performance. Also contains fuel stabiliser and Class III combustion catalyst, formulated to deliver a cleaner, more efficient burn. A more complete burn means more power and economy, with less going out the tailpipe in the form of smoke and emissions.

263 5703

£3.50

MOTUL

MOTUL OILS Created without compromise, the **Motul 300V** 100% synthetics are formulated from a base of the most sophisticated esters, created to withstand the most extreme mechanical conditions. Whether you are driving on the track or on the road, if you push your car to the limit then **Motul 300V** will give the extra power and protection your car demands.

2-4% Power Increase using Double Ester Technology

Motul 300V is the first 'Double Ester' lubricant to be made available for road use in the UK. The fully synthetic range currently consists of six different viscosity lubricants - from the 0W20 'High RPM' at the outright performance end through to 20W60 'Le Mans', designed for endurance.

The 300V range has been extensively tested across Europe. Results proved increased power of between two and four per cent. The oil also proved to offer increased reliability - through greater oil pressure stability, ultra-high temperature resistance, zero per cent shear loss and, greater wear protection.

- quicker response time
- reduced friction - more power
- adherence to mechanical parts
- fluidity at low temperatures
- resistance at elevated temperatures
- resistance to abrasion
- stable viscosity over time
- reduction in oil consumption

4 300V ENGINE OIL RANGE

100% synthetic oil with Double Ester technology. 6 grades cover every application. Unique advance oil, enhanced with high performing friction modifiers to guarantee extra power output and higher reliability. Extreme temperature performance, reduced friction and the very highest levels of engine protection. Ideal for fast road and competition use.

Check your car's manual for the recommended oil for your vehicle or give us a call for advice.

1 LEGAL PRESSED ALLOY PLATES

Ultra 'cool' euro look pressed metal number plates, but now they're ROAD LEGAL!

Brand new in the UK. Clean look metal plates with UK legal font and BSAU145d stamp and laser marked logo and post code.

We endeavour to supply your number plates by the next working day if ordered before 2pm.

They look even better when combined with a number plate surround (see below). See page 222 for our full range of number plate fixings.

344 5551 Pair **£34.99**

*Picture courtesy of Fast Car Magazine

2 NUMBER PLATE SURROUNDS

High quality plastic number plate surrounds with printed 'euro' slogans.

Ideal complement to the pressed alloy plates. You can screw on the surround, using your original bolt holes, and then the plate clips securely into the surround without further fixings - no drilling of plates or adhesive tapes necessary. Safe and secure.

Available surrounds:

- ABT Wolfsburg
- Alte VW's (Old VW's never die, they just go faster)
- Audi Ingolstadt
- Audi Zentrum
- BMW Motorsport
- BMW M-Power
- Mercedes AMG & Brabus Tuning
- Porsche Stuttgart
- Porsche Zentrum Munchen
- Seat Munchen Nord
- Spirit of Wolfsburg
- VW Audi Dealer Jung
- VW Audi Dealer Reinhard
- VW Audi Dealer Vogler
- VW Audi Dealer Weinhold
- VWAutohaus - Riedel

Supplied individually.

→ INTEREST FREE CREDIT

Our Advantage Cardholder Benefits

- Spread the cost of your purchases
- Absolutely no interest to pay
- Instantly available credit
- No deposit required
- Simple to understand
- Revolving credit limit available for repeat use

How does the account work?

- The costs of the initial purchase is divided by 6 months to give you your monthly repayments.
- Additional purchases will be added to your account and repayments calculated on this new value. This new repayment value will not decrease until your balance reaches zero. If you are on time with repayments, there is no interest to add on!
- The first installment will be due a month after the goods were purchased. The exact date will be confirmed in our welcome letter that will be sent to you with your card.
- A monthly statement will be

sent to you keeping you up to date with purchases and payments made.

How do I open the account?

Simply apply in store and once your application has been approved, you will be given a credit limit that will allow you access to instant credit. As a security measure, two forms of identification will be required, such as a credit card, most recent utility bill or driving license. From then on, every time you shop in this store you may use your account card to purchase items.

Payment protection scheme

Our payment protection scheme gives the cardholder peace of mind by covering payments should an unforeseen incident occur. For just 75p per £100 of the outstanding balance per month you can protect your payments against sickness, accident, unemployment and death. To qualify for the cover you must be aged between 18 and 65 years old, and be permanently employed for a minimum of 16 hours a week.

Data protection

In assessing your application we will search the files of one or more credit reference agencies that will supply us with credit and identity information as well as information from the Electoral Register. The credit reference agency will record details of our search regardless of whether or not your application proceeds. We will also disclose details about your conduct on the account to credit reference agencies. This information may be used by other lenders to assess credit applications for you and those with whom you are financially linked if credit decisions are made about you or other members of your household.

Credit scoring

We will use a credit scoring or other automated decision making system when assessing your application. We may use a credit scoring or similar process in deciding whether to accept your application and also during the life of your account for the purpose of increasing your credit

limit. This may involve a further search of your records at one or more credit reference agencies.

What if I get declined?

In the unlikely event of your application being declined, under the Data Protection Act we are unable to inform you of the reason over the phone. However if you would like more information please write to Clode Plc stating your name and the store where you applied for the account.

Who are Clode PLC?

Clode Plc administer the scheme on behalf of Carnoissey. Visit them at: www.clode.plc.uk

CLODE PLC

Do all Carnoissey stores operate Interest Free Credit?

Some Carnoissey Franchised stores are unable to operate this scheme. Please contact your nearest store (see page 3) for information.

→ ORDERING

We want to make sure that you are completely satisfied with everything you order from our catalogue and with every aspect of our service. Please help us to help you by quoting the exact size and colour required wherever a choice is offered. You can be assured that we always do our utmost to hold our prices for the life of the catalogue. Unfortunately, due to circumstances beyond our control, such as VAT, inflation or currency fluctuations, prices do sometimes have to be changed. We must therefore reserve the right to alter prices at any time.

Our Policy

SATISFACTION GUARANTEED

We want you to be pleased with all the goods bought from Carnoissey. If the goods sent to you are not acceptable for whatever reason, return the order within 14 days in a resaleable condition, carriage paid, and a refund will be issued.*

*Providing the goods returned have not been specially ordered or manufactured to meet your specific requirements.

This does not affect your statutory rights.

DELIVERY

Goods held in stock will normally be dispatched within 24 hours. Non stock items will generally be dispatched within 7 days. Please note that all goods must be inspected before the delivery driver leaves. Any damage to either the packaging or goods must be recorded on the delivery note under the receiver's signature.

PRICES

In the past years most of our printed prices have been maintained for a full 12 months after the publication of the Carnoissey Catalogue.

Occasionally, however, cost changes are inevitable due to inflation and exchange rate fluctuations on imported goods. We therefore reserve the right to change prices without notice.

EXPORT

Please email sales@carnoisseydirect.com for details.

BACK ORDERS

We will be happy to hold back orders.

LET US KNOW

If any aspect of our service has not met with your approval, we are anxious to know about it. Please write to us and your letter will receive our prompt personal attention.

Carnoissey Head Office
4A Brittany Court, High Street
South, Dunstable, LU6 3HR.

VAT

All goods are priced including VAT at 17.5%.

If the rate of VAT changes obviously our prices will change accordingly. Please remember our prices include VAT when comparing prices.
